Why choose Huddersfield?

The University of Huddersfield is a **modern and innovative university, dedicated to helping students towards career success**. The University's emphasis on preparing students for the world of work means you will become a confident and employable graduate.

2nd

in the country for National Teaching Fellowships, which mark the UK's best lecturers in Higher Education, winning a total of 22 since 2008.

2026 data

Learn from some of the best

Teaching staff rank first in England for the proportion with higher degrees and teaching qualifications, as well as being top five for those holding doctorates.

HESA, January 2025. Excludes specialist universities and universities with fewer than 100 academic staff.

Top 10

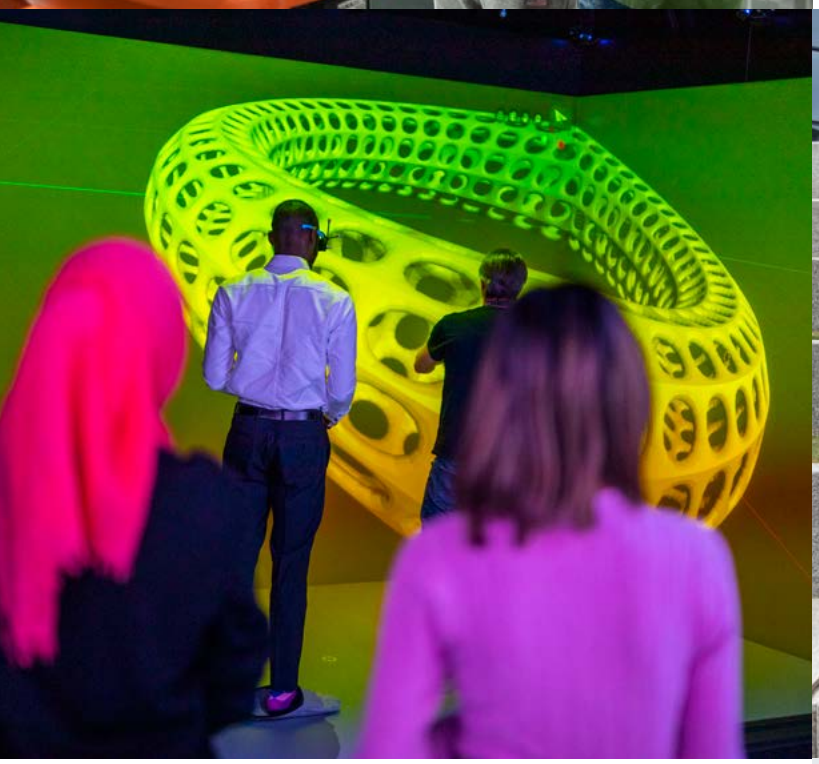

in the UK for placement year in industry.

HESA 2023/24. Institutions in England. Includes full year and shorter placements.

Join a global community

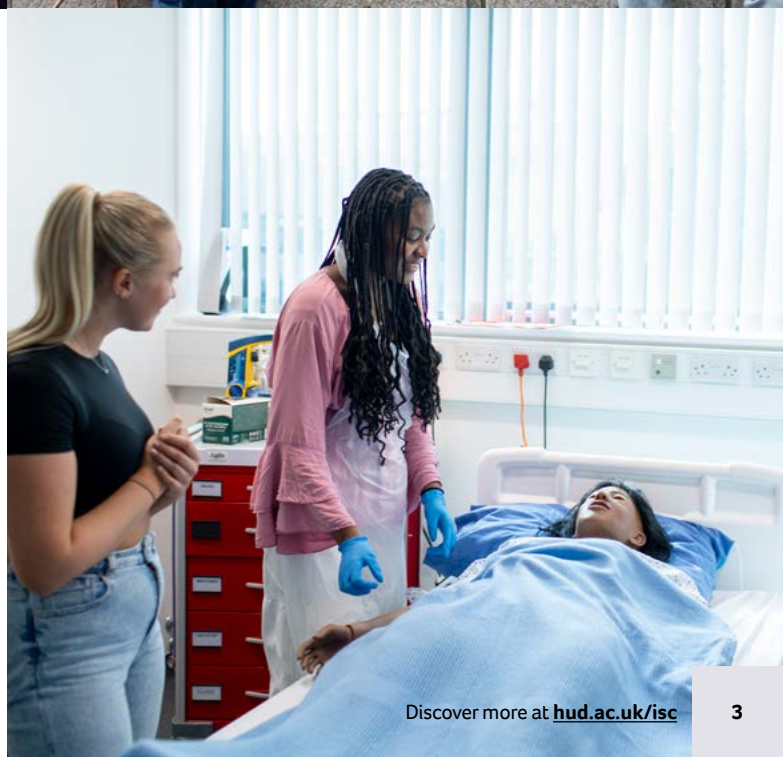

When you arrive at University of Huddersfield, you're joining a community of over 3,200 international students of 100+ different nationalities (HESA 2023/24). Students have the opportunity of joining any of the 100+ societies and clubs, and experience the University's calendar of events, showcasing the range of cultures on campus.

Develop your employability

Degree courses at the University of Huddersfield are designed to equip you with the skills and confidence needed to excel in your career. Many courses include industry placements, and you'll benefit from dedicated careers advisers for international students, helping you to gain practical experience and enhance your CV. Plus, tools like the Graduate Career Explorer use AI to help you discover career paths linked to your degree and identify opportunities across the UK.

A warm Yorkshire welcome

The University of Huddersfield is a campus-based university located in West Yorkshire, in the north of England. The town of Huddersfield is cosmopolitan and lively, set in the stunning countryside, and close to the bustling cities of Manchester and Leeds. Home to over 15,000 students, the town has a thriving student community.

A budget-friendly place to live

Huddersfield is a reasonably priced town to live in, especially when compared to cities like London or Manchester. This means you have more money to spend on social activities and you can enjoy all that Huddersfield has to offer.

Culture

Huddersfield is a beautiful town of stunning architecture, history and culture. You'll find fascinating museums and galleries, and plenty of parks, gardens and green spaces in which to relax.

The town is also a hotspot for performing arts. The Laurence Batley Theatre, right across the road from the University, has a fantastic variety of diverse events from comedy to dance and live music.

Shopping

From town's historic arcades and modern shopping centres, like The Byram Arcade, Kingsgate Shopping Centre or Imperial Arcade, there's a lot to love about shopping in Huddersfield.

Weekend adventures

In Huddersfield, you benefit from the best of both worlds with lively, major cities and beautiful countryside on your doorstep. In your free time, you can visit Manchester or Leeds for that big city experience. Or perhaps you want to explore the nearby famous national parks and embrace the fresh air of the Peak District or Yorkshire Dales.

For more information please visit our website: huddersfieldisc.com/international-study-centre/student-life

Your new home awaits

Huddersfield is a safe and friendly place to live, with a variety of high quality and affordable accommodation options for you to choose from.

To help you navigate this process, we have partnered with Amber, a trusted platform designed to make booking accommodation easier for students.

You can expect:

- **A variety of accommodation options** - Choose from a broad range of room types, including standard, en-suite and studio rooms (subject to availability), to suit every budget
- **Prime locations** - Locations convenient to your campus and local amenities.

If you are under 18, we strongly recommend arranging accommodation via Amber.

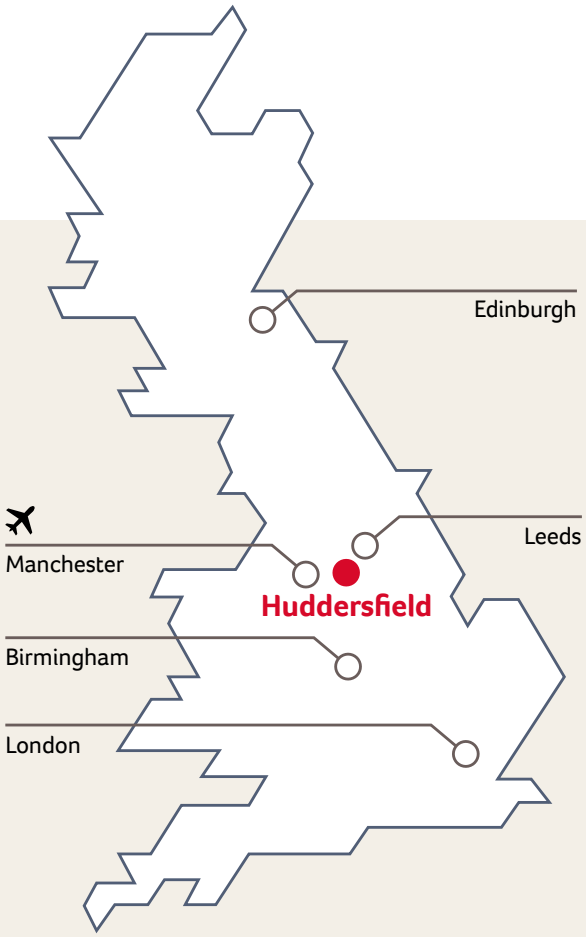

Arranging your own accommodation independently

If you're booking your accommodation privately, it is important that you let us know where you are staying. We strongly advise you are staying in the Huddersfield area, nearby to the International Study Centre to keep your studies on track - our recommended areas are within the postcodes HD1-5.

Only 2½ hours to **London by train.**

20 minutes to **Leeds by train.**

30 minutes to **Manchester by train.**

“You just feel like you fit in.

I’ve lived in Huddersfield throughout my foundation year and my undergraduate degree. It’s easy to live here, you can walk wherever you want and it’s calm. In my opinion, living here can contribute to you getting better results in your studies. I’ve never thought of leaving Huddersfield.”

Bashar from Kuwait
Studied: International Foundation Year in Engineering, Computing and Science
Progressed to: Chemical Engineering BEng(Hons)

Real-world experience

The University of Huddersfield is among the UK's top providers of 'sandwich' courses, which are developed in conjunction with global employers and industry.

A 'sandwich' course means you may have the chance to complete a 12-month paid work placement as part of your degree. This is a great way to build your CV, develop real-world skills and apply what you've learnt in University to the workplace.

The University of Huddersfield supports students into placements across the UK and around the world, in a range of industries. Previous companies University of Huddersfield students have secured placements with include KPMG, HSBC, Panasonic and Vivienne Westwood.

Careers advice for life

University of Huddersfield graduates benefit from careers advice for life through their 'Here for Life' offer.

The University of Huddersfield believe that feeling confident about how to manage your career is important at any stage of your working life, which is why their Careers Service is available to graduates on a lifelong basis. This includes one-to-one appointments, employer events on campus, careers workshops and online resources.

93.1%

of our undergraduate and postgraduate students go on to work and/or further study within 15 months of graduating.*

*HESA Graduate Outcomes 2023/24, all domiciles. Graduates not reporting work or study but reporting other activities such as travelling, caring, or retired are excluded.

Top 10

in England for the number of students going on placement.

HESA 2023/24. Institutions in England. Includes full year and shorter placements.

"I secured my dream placement with Red Bull Racing.

Joining F1 was a dream for me. Before I applied, I asked the University placement team if they could review my CV, and my cover letter. They helped me out with that, that was really helpful. They did a mock interview with me and they asked me a lot of questions.

Day-to-day I was doing CAD modelling and design, technical drawings and analysis.

I think it's really good to have an idea about where eventually I want to go. I'd really like to be a principal for an F1 team. That would be the dream."

Omar from Egypt
Studied: International Foundation Year in Engineering, Computing and Science
Progressed to: Automotive Engineering BEng(Hons)
Placement role: Mechanical Design ICE at Red Bull Racing

International Study Centre

The University of Huddersfield International Study Centre will help you take your first step towards a successful career.

A supportive learning environment

Preparing for university is one of the most important things any student has to do. As a student at the International Study Centre, you will learn the academic and English language skills you need to be successful on your chosen degree at the University of Huddersfield. Whether you are interested in art, computing, engineering or business, there is a course at the International Study Centre to suit you.

Progression to your chosen degree

We offer a range of university preparation programmes at the International Study Centre that cover all levels of study in higher education. The programmes available are:

- **International Foundation Year**
- **International Year One**
- **Pre-Master's**

Your first day on campus

You are a student of the University from the very first day you join us at the International Study Centre. You will study and learn on campus, and have full access to University facilities such as the library, sports hall and Students' Union.

Welcoming students from around the world

Being an international student means you are part of a wide community of different nationalities. We know how to help you adjust to your new environment and make the most of your time in the UK.

Since day one, the International Study Centre has proudly welcomed students from over 55 different nationalities.

Experience University-style teaching

We will introduce you to the style of teaching that you will experience at the University. Taking part in tutorials, seminar-style classes and larger group lectures means you'll be well prepared once you progress to your degree.

Employability

Our academic programmes at the International Study Centre have a variety of employability activities integrated within the modules to give you a head start in today's competitive graduate employment market. These activities will focus on identifying your strengths and building your confidence. With our support, you will develop a range of skills for success, such as teamwork, problem-solving and communication. We will also help you to create a personal development plan for your time at the University and beyond.

Progression scholarships

Students who successfully complete their pathway programme and meet the required grades will be eligible for a progression scholarship from the University of Huddersfield.

For more information please visit our website: huddersfieldisc.com/how-to-apply/scholarships

Pre-courses

Prepare for Success

Join our free online preparation course to improve your expectations, skills and readiness ahead of starting your academic pathway programme. The course is designed to provide you with practical advice, guidance and support, so that you are ready to succeed from day one of your academic programme.

November start (Enhanced Induction)

If you want to settle into your new environment and become familiar with the International Study Centre prior to starting your academic pathway programme in January, the Enhanced Induction starts in November and consists of three additional weeks of life, learning and language skills, at no additional tuition fee.

Business tutor and International Study Centre alumna

It [the International Study Centre] does give space for students to be themselves because it's a smaller group. It's a really relaxed environment where students get to voice their own opinions. It was here where I learned how to speak confidently with my peers and with the teachers. I just wanted to come back because it was here where my confidence really grew.

I now teach for International Year One students. It gives them a great start to get more confident with using numbers and formulas that they will need when they go to study accounting."

Tania from Mozambique
Studied International Foundation Year
Now teaching at the International Study Centre

Meet some of our International Study Centre alumni...

From their pathway programme through to graduating from the University of Huddersfield, our students are working hard in their careers around the world.

Silvana from Venezuela

Silvana studied International Foundation Year at the International Study Centre and completed her degree in Photography BA(Hons). She is now a successful freelance photographer, her work has been published by Vogue, The Guardian and ELLE.

"I believe my degree will enable me to one day start my own magazine and have a photography company. My teachers inspire me to be my best - classes are fun and even art history is proving to be interesting. The minute I arrived in Huddersfield I fell in love with the town and the University."

Altamash from India

Altamash studied the International Year One at the International Study Centre. Following his graduation in Mechanical Engineering MEng, he secured a job in the engineering industry.

"I really enjoyed my course right from the start and because of that I was able to do my industrial placement as a Mechanical Engineer. Since graduating I have been working in the engineering industry and I currently work at Siemens Energy."

Mduduzi from Zimbabwe

Mduduzi studied International Foundation Year at the International Study Centre before progressing to Logistics and Supply Chain Management BSc(Hons). Mduduzi went on to do a Master's degree at Huddersfield before starting his career.

"I did my work placement in Germany, I was a Supply Quality Manager and I really loved my time in Germany. It was a good challenge for me since in Zimbabwe and England we speak English, but in Germany it was a whole new experience. It was a really good experience and I got some good exposure to the world of work."

Fatima from Pakistan

Fatima completed the International Foundation Year followed by an LLB in Law. She returned to the University of Huddersfield to pursue a PhD.

"I genuinely think the Oastler Building is one of the most beautifully designed parts of the campus especially with its glass walls. There's a courtroom, and for any aspiring law student or those already studying law, that space gives you a glimpse of where you might be in the future. It's a really motivational feature of the campus. Personally, I used to walk past that room and imagined myself in a wig and gown, standing in a real courtroom. Having that visual aspect of your future career right there, it really helps put you in the groove."

International Foundation Year

The International Foundation Year will develop your academic knowledge and English language skills to prepare you for the first year of your chosen undergraduate degree at the University of Huddersfield.

You can choose to study the International Foundation Year in one of five subject routes:

- **Art, Media and Architecture**
- **Business, Management and Law**
- **Engineering, Computing and Science**
- **Health Science**
- **Human Science and Humanities.**

Modules

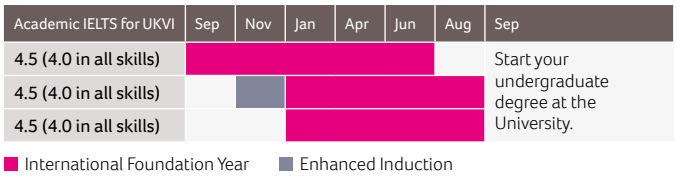

You will cover core modules in all pathways, including English language and Global Skills for Success, which focuses on essential study skills, helping you reach your full potential at the University. Alongside your core modules, you will also study subject-specific modules related to your chosen programme.

Please note that the modules are listed on each programme page and these are subject to change.

Progression to your degree

Once you successfully complete the programme and achieve the required grades, you can start the first year of your chosen undergraduate degree at the University.

Study plan options

Key facts

Course length: Two semesters

Entry dates: September, November (Enhanced Induction) or January

Age on entry: 17+ (students must turn 18 years old before commencing undergraduate study at the University of Huddersfield)

Entry requirements
Academic: Good high school graduation grades or equivalent^

English language: Academic IELTS for UKVI 4.5 overall (minimum of 4.0 in all skills).

^ For those looking to study on the Health Science or the Engineering, Computing & Science subject routes, applicants should have studied Maths and at least one Science in year 10, 11 or 12.

For more information about the International Foundation Year, please visit: huddersfieldisc.com/programmes/international-foundation-year

“I want to save lives.

My time at the International Study Centre was really amazing. I just loved the environment, the teachers, the students. They were all really friendly and if I was struggling academically, I got all the support I needed. My degree course so far has been going so well. We have simulated practice, using dummies, and we also have real life in-person placements, where we go to the hospital and get to work alongside nurses and see what it’s like taking care of people. I’m like, yes, this is what I want to do in my life.”

Kehinde from Nigeria
Studied: International Foundation Year
Progressed to: Nursing (Adult) BSc(Hons)

International Foundation Year

Art, Media and Architecture

This programme will prepare you for an undergraduate degree in a range of fields such as media, journalism and fashion design.

Why study Art, Media & Architecture?

- Build your portfolio of creative work ready for your undergraduate degree.
- The University of Huddersfield's School of Arts and Humanities is one of the largest of its kind in the UK, which is driven by a collaborative approach that takes place through initiatives such as the Huddersfield Contemporary Music Festival, Temporary Contemporary and the Huddersfield Literature Festival developing outcomes of a regional, national and global scale.
- Benefit from top facilities on a modern campus, such as the £30 million Barbara Hepworth Building – the home of all things art, design and architecture at the University.

Subject pathways

Choose your subject pathway based on your progression aim, allowing you to pick the modules which both interest you and will help you in your future career:

- Architecture
- Art
- Film Studies
- Journalism
- Media.

Modules

Semester one:

- Academic English Skills
- Art and Design History or Introduction to Humanities
- Core Mathematics or Pure Mathematics
- Drawing or Media Campaigns.

Semester two:

- Academic English Skills
- Global Skills for Success - Art
- Visual and Perceptual Studies or Social Sciences in Action.

Progression degrees

Once you successfully complete the programme and achieve the required grades, you can enter the first year of your chosen undergraduate degree at the University.

Architectural Technology BA(Hons)*

Architecture/Architecture (International) (RIBA Part 1) BA(Hons)*

Costume with Textiles BA(Hons)*

Fashion Design with Marketing BA(Hons)

Fashion Design with Textiles BA(Hons)

Fashion Marketing BA(Hons)

Filmmaking BA(Hons)

Graphic Design and Animation BA(Hons)*

Graphic Design BA(Hons)*

Illustration BA(Hons)*

Interior Design BA(Hons)*

Media and Film Studies BA(Hons)

Multimedia Journalism BA(Hons)

Music BMus(Hons)^

Music Performance BMus(Hons)^

Photography BA(Hons)*

Popular Music BMus(Hons)^

* Portfolio required at end of course for progression.
^ Audition mid or post International Foundation Year with the School required for progression.

Please note these degrees are subject to change.

Business, Management and Law

This programme will prepare you for an undergraduate degree in fields such as accounting, business management, finance, law and marketing.

Why study Business, Management and Law?

- Huddersfield Business School is one of only 6% of business schools in the world with the prestigious AACSB accredited membership.
- Huddersfield Business School has been named as 'Business School of the Year' in the Times Higher Education Awards 2023.
- Huddersfield Business School's Placement Unit won 'Best University Placement Service' in the National Undergraduate Employability Awards 2021.

Modules

Semester one:

- Academic English Skills
- Competitive Business Environment
- Core Mathematics
- Global Skills for Success - Business.

Semester two:

- Academic English Skills
- Introduction to Business Finance
- Investigating Business.

Progression degrees

Once you successfully complete the programme and achieve the required grades, you can enter the first year of your chosen undergraduate degree at the University.

Accounting and Finance BSc(Hons)

Business and Digital Marketing Management BA(Hons)

Business Economics BSc(Hons)

Business Management BA(Hons)

Business Management with Finance BA(Hons)

Economics BSc(Hons)

International Business BA(Hons)

Law and Practice LLB(Hons)

Law and Practice MLaw

Law LLB(Hons)

Law with Criminology LLB(Hons)

Marketing BA(Hons)

Please note these degrees are subject to change.

International Foundation Year

Engineering, Computing and Science

This programme will prepare you to study one of more than 30 degrees at the University of Huddersfield, in fields such as biomedicine, computer science, engineering, forensic science, medical biochemistry and pharmacy.

Why study Engineering, Computing and Science?

- Graduate from the University with a professionally accredited degree.
- Join Team HARE, the University of Huddersfield's Formula Student team, allowing students to design, build, develop, market and compete as a team with their own racing car.
- Gain industry experience with support from the University. Previous students have spent their placement year at companies including Red Bull Racing, Nissan and Jaguar Land Rover.

Subject pathways

Choose your subject pathway based on your progression aim, allowing you to pick the modules which both interest you and will help you in your future career:

- Chemical Engineering
- Computing
- Engineering
- Science.

Modules

Semester one:

- Academic English Skills
- Pure Mathematics
- Applied Maths 1 or Biology or Computing 1.

Semester two:

- Academic English Skills
- Global Skills for Success - Science or Engineering
- Physics or Computing 2 or Applied Maths 2 or Chemistry.

Did you know?

You can choose between a BEng or MEng Engineering degree. A BEng is a three-year undergraduate degree (four with a placement year), whereas an MEng is a four-year programme (five with a placement year) and extends your studies to Master's level and meets the educational requirement to become a Chartered Engineer.

Progression degrees

Once you successfully complete the programme and achieve the required grades, you can enter the first year of your chosen undergraduate degree at the University.

Automotive and Motorsport Engineering BEng(Hons)
Automotive and Motorsport Engineering MEng
Biochemistry BSc(Hons)
Biology (Molecular and Cellular) BSc(Hons)
Biomedical Science BSc(Hons)
Chemical Engineering and Chemistry BSc(Hons)
Chemical Engineering BEng(Hons) or MEng(Hons)
Chemistry BSc(Hons)
Chemistry MChem
Chemistry with Forensic Science BSc(Hons)
Civil Engineering BEng(Hons)
Computer Science BSc(Hons)
Computer Science with Artificial Intelligence BSc(Hons)
Computer Science with Cyber Security BSc(Hons)
Computer Science with Games Programming BSc(Hons)
Computing BSc(Hons)
Electronic and Communication Engineering BEng(Hons)
Electronic and Electrical Engineering BEng(Hons)
Electronic Engineering and Computer Systems BEng(Hons)
Forensic and Analytical Science BSc(Hons)
Forensic and Analytical Science MSci
Information Technology BSc(Hons)
Mechanical Engineering BEng(Hons) or MEng(Hons)
Medical Biochemistry BSc(Hons)
Medical Genetics BSc(Hons)
Natural Sciences BSc(Hons)
Optometry MOptom*
Pharmaceutical Chemistry BSc(Hons)
Pharmacology BSc(Hons)
Pharmacy MPharm*
Quantity Surveying BSc(Hons)
Software Engineering BSc(Hons)
Sound Engineering & Music Production BSc(Hons)

* Interview with the School required for progression.
Please note these degrees are subject to change.

Health Science

This programme will prepare you for a range of degrees related to health, such as nursing, physiotherapy, sport science and podiatry.

Why study Health Science?

- Degrees typically include placements, such as clinical practice in local hospitals and NHS trusts, to gain practical experience in a real-world setting.
- Access to a range of specialist facilities, including a new £250m National Health Innovation Campus, a biomechanics laboratory, simulated children's ward and physiotherapy practical rooms.

Modules

Semester one:
- Academic English Skills
- Biology
- Global Skills for Success - Science
- Pure Mathematics.

Semester two:
- Academic English Skills
- Human Biology
- Social Sciences in Action.

Progression degrees

Once you successfully complete the programme and achieve the required grades, you can enter the first year of your chosen undergraduate degree at the University.

Crime with Forensic Investigation BSc(Hons)

Midwifery Studies BSc(Hons)*

Nursing (Adult) BSc(Hons)*

Nursing (Child) BSc(Hons)*

Nursing (Learning Disability) BSc(Hons)*

Nursing (Mental Health) BSc(Hons)*

Occupational Therapy BSc(Hons)*

Operating Department Practice BSc(Hons)*

Physiotherapy BSc(Hons)*

Podiatry BSc(Hons)*

Sport and Exercise Nutrition BSc(Hons)

Sport and Exercise Science BSc(Hons)

* Interview with the School required for progression.
Please note these degrees are subject to change.

Human Science and Humanities

This programme will prepare you for a degree in human science and education.

Why study Human Science and Humanities?

- University of Huddersfield psychology students have the opportunity to enhance their studies through specialist equipment in the psychology labs.
- If you decide to study English Literature, you can get involved in the award-winning Huddersfield Literature Festival, an international literature event that attracts some of the biggest and best writers worldwide.

Subject pathways

Choose your subject pathway based on your progression aim allowing you to pick the modules which both interest you and will help you in your future career:
- Education and Professional Development
- Human Science.

Modules

Semester one:
- Academic English Skills
- Core Mathematics
- Global Skills for Success - Business
- Media Campaigns or Introduction to Issues in Contemporary Education.

Semester two:
- Academic English Skills
- Introduction to Humanities
- Social Sciences in Action.

Progression degrees

Once you successfully complete the programme and achieve the required grades, you can enter the first year of your chosen undergraduate degree at the University.

Childhood, Education and Inclusion BA(Hons)

Crime and Society BSc(Hons)

Criminology BSc(Hons)

English Literature and History BA(Hons)

English Literature BA(Hons)

Film Studies and English Literature BA(Hons)

Health and Social Care BSc(Hons)

History BA(Hons)

Psychology BSc(Hons)

Psychology with Counselling BSc(Hons)

Psychology with Criminology BSc(Hons)

Social Work MSci*

* Interview with the School required for progression.
Please note these degrees are subject to change.

International Year One

The International Year One will develop your academic knowledge and English language skills, whilst preparing you to progress to the second year of your chosen undergraduate degree.

You can choose to study the International Year One in one of two subject routes:

- **Business, Management and Marketing**
- **Engineering and Computer Science.**

Modules

You will cover core modules, including English language and study skills, to allow you to reach your full potential at the University. Alongside your core modules, you will also study subject-specific modules related to your chosen programme.

Please note that the modules are listed on each programme page and these are subject to change.

Progression to your degree

Once you successfully complete the programme and achieve the required grades, you will join the second year of your chosen undergraduate degree at the University.

Key facts

Course length: Two semesters

Entry dates: September, November (Enhanced Induction) or January

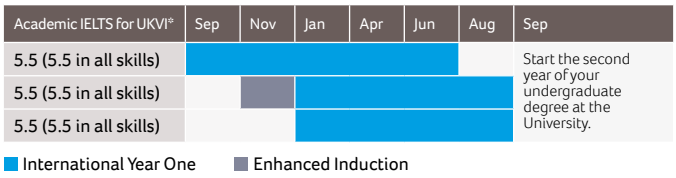

Age on entry: 17+ (students must turn 18 years old before commencing undergraduate study at the University of Huddersfield)

Entry requirements
Academic: Good high school graduation grades or equivalent

English language: Academic IELTS for UKVI 5.5 (minimum of 5.5 in all skills).*

* Alternatives to Academic IELTS for UKVI accepted as proof of your English language level.

Study plan options

Combined visa

Save time and progress smoothly to the University with a combined visa to cover the duration of your studies at both the International Study Centre and the University of Huddersfield. You will not need to return home to apply for a new visa between your International Year One and undergraduate degree.

English Language Preparation for International Year One

If you do not meet the English language requirements to study the International Year One, you can join the English Language Preparation programme to develop and improve your English language ability.

For more information about the International Year One, please visit: huddersfieldisc.com/programmes/international-year-one

“The teachers gave me a daily dose of motivation.

I felt like my teachers really wanted to help me to get on my second year in the University. They helped me not just academically, but also with my personal situation. I was always supported during my International Year One. All that preparation from the International Study Centre, it really helped me and guided me. I feel I’m more capable.”

Kaung from Myanmar
Studied: International Year One in Engineering and Computer Science
Progressed to: Computer Science BSc(Hons)

International Year One

Business, Management and Marketing

This programme will develop your subject knowledge and English language skills, whilst preparing you to join the second year of your chosen undergraduate degree at the University of Huddersfield's Business School.

Modules

Semester one:

- Academic English Skills
- Accounting for Business Managers
- Markets and Marketing.

Semester two:

- Academic English Skills
- Business and Global Dynamics
- Introduction to Business Analytics
- Organisational Behaviour.

Progression degrees

Once you successfully complete the programme and achieve the required grades, you can enter the second year of your chosen undergraduate degree at the University.

Business Management BA(Hons)

Business and Digital Marketing Management BA(Hons)

Fashion Marketing BA(Hons)

International Business BA(Hons)

Marketing BA(Hons)

Please note these degrees are subject to change.

"It was like a step by step process.

The skills that I learned at the International Study Centre helped me to pass through the University and then at the University I got enough foundation to help me to do a Master's, so it was like a step by step."

Frankie from Hong Kong

Studied: International Year One in Business, Management and Marketing
Graduated with: Supply Chain Management BSc(Hons)

Engineering and Computer Science

This programme will develop your subject knowledge and English language skills, whilst preparing you to join the second year of your chosen undergraduate degree at the University of Huddersfield's School of Computing and Engineering.

Subject pathways

Choose your subject pathway based on your progression aim, allowing you to pick the modules which both interest you and will help you in your future career:

- Mechanical Engineering
- Electrical and Electronic Engineering
- Computing.

Modules

Semester one:

- Academic English Skills
- Electro-Mechanical Systems or Electrical Principles or Discrete Mathematics for Computer Science
- Engineering Communication and Materials or Computing or Discrete Mathematics for Computer Science
- Mathematics 1 or Computer Hardware

Semester two:

- Academic English Skills
- Mechanical Science or Electronic Design Manufacture and Test or Computer Networks
- Manufacturing Technology and Workshop Appreciation or Electronics or Project Skills
- Professional Engineer or Project Skills
- Software Design and Development*.

* Only required for the Computing pathway.

Progression degrees

Once you successfully complete the programme and achieve the required grades, you can enter the second year of your chosen undergraduate degree at the University.

Computer Science BSc(Hons)

Computer Science with Artificial Intelligence BSc(Hons)

Computer Science with Cyber Security BSc(Hons)

Computer Science with Games Programming BSc(Hons)

Computing BSc(Hons)

Please note these degrees are subject to change.

"I think I made a good choice by coming through the International Study Centre.

I met a lot of people from my own country and the quality of the teaching is great. Academic English Skills is definitely a module that would help any student whose first language is not English."

Javeria from India

Studied: International Year One in Engineering and Computer Science
Progressed to: Computer Science BSc(Hons)

Pre-Master's

By choosing the accelerated, 12-week programme, you will gain the specialist academic and English language support you need to succeed in your Master's degree at the University.

You can choose to study the Pre-Master's in one of two subject routes:

- **Business, Management and Marketing**
- **Computing.**

Modules

Classes for the Pre-Master's are modular in structure, meaning you will study a combination of core modules common to each route, and route-specific modules designed to focus on the subject area most relevant to your future degree.

Please note that the modules are listed on each programme page and these are subject to change.

Progression to your degree

Once you complete the programme and have achieved the necessary grades, you can progress to your chosen Master's degree at the University of Huddersfield.

Key facts

Course length: 12 weeks

Entry dates: June or September*

Age on entry: 20+

Entry requirements
Academic: Successful completion, with appropriate grades, of a university or college degree, or equivalent

English language: Academic IELTS for UKVI 5.5 (minimum of 5.5 in all skills).*

* Computing pathway available in September intake only.
* Alternatives to Academic IELTS for UKVI accepted as proof of your English language level.

Study plan options

To start your postgraduate degree in September:

Academic IELTS for UKVI*	Jun	Jul	Aug	Sep
5.5 (5.5 in all skills)				Start your postgraduate degree at the University.

To start your postgraduate degree in January:

Academic IELTS for UKVI*	Sep	Oct	Nov	Dec	Jan
5.5 (5.5 in all skills)					Start your postgraduate degree at the University.

■ Pre-Master's

Combined visa

Save time and progress smoothly to the University with a combined visa to cover the duration of your studies at both the International Study Centre and the University of Huddersfield. You will not need to return home to apply for a new visa between your Pre-Master's and postgraduate degree.

English Language Preparation for Pre-Master's

If you do not meet the English language requirements to study the Pre-Master's programme, you can join the English Language Preparation programme to develop and improve your English language ability.

For more information about the Pre-Master's, please visit: huddersfieldisc.com/programmes/premasters

"This course is very well structured.

I definitely think the most important thing that I have learned at the International Study Centre is how to do research. The research module has specifically interested me and has really helped me clarify the basic steps that you have to take to do good research.

For someone who has not studied business in the past, there are a lot of core principles of research, strategy and economics and finance that you would need in your future work that are very helpful."

Shiuang from India
Studied: Pre-Master's in Business, Management and Marketing
Progressed to: International Business with Entrepreneurship MSc

Pre-Master's

Business, Management and Marketing

This programme will refresh your subject knowledge and improve your English language skills, preparing you for your postgraduate degree at the University of Huddersfield's Business School.

This programme consists of 20 hours of teaching time per week, taught over 12-weeks on the University campus. You will study specialist subjects that introduce you to your related Master's degree in the UK. bit.ly/3WM6DZd

"I'm glad I chose Huddersfield.

I felt like I could really trust the institution, and I was willing to invest in education here because I knew that I would get a very bright future. I'm glad that I chose Huddersfield. The experience here was really great.

One of the greatest things that happened in my life."

Linh from Vietnam

Studied: International Foundation Year in Business, Management and Law
Graduated with: Business with Human Resource Management BA(Hons)

How to apply

If you would like to apply to study at the University of Huddersfield International Study Centre, you will need to complete an application form and submit the relevant documentation.

Disclaimer

This guide is intended as a general guide for students considering entry to the University of Huddersfield International Study Centre from 2027. The University of Huddersfield International Study Centre is operated, and its programmes offered by Study Group Limited ('Study Group'). This guide forms no part of any contract between you and Study Group except as provided below.

The guide is prepared in advance of the academic year to which it relates and Study Group makes every effort to ensure that the information contained here is accurate. Although reasonable steps are taken by Study Group to provide the programmes and services described, Study Group cannot guarantee the provision of any programme. Any programme may be altered or withdrawn owing to circumstances beyond Study Group's reasonable control.

Such circumstances include (but are not limited to) industrial action, lack of demand, departure of key personnel, change in government policy, withdrawal or reduction of funding, change of law or changes necessitated by pandemic or epidemic. Study Group will take such steps as are available to it to minimise the effect of any alteration or withdrawal of a programme and we will notify you of such alteration or withdrawal as soon as possible. Such steps may include the offer of a place on an alternative programme. Alternatively you may withdraw your application without any liability for fees (including the enrolment fee).

Please note that the University of Huddersfield International Study Centre's website is the most up to date source of information regarding programmes and facilities and we strongly recommend that you always visit the website before making any commitments.
