This preparation takes place in a diverse learning and teaching environment that incorporates all relevant educational means, including research and community service.

ALMA MATER

In the Mississippi Valley, In the Crescent Bend
Stands our loved and noble Xavier, Far her praises send.

CHORUS: Wave her colors, bear them onward
Gold and White so true
Hail to thee, all hail, dear Xavier
Hail, all hail, X. U.!

Xavier, ever be our guide, And lead us on the way
Through life’s journey, Onward, Upward, to the eternal day.

CHORUS: Wave her colors, bear them onward
Gold and White so true
Hail to thee, all hail, dear Xavier
Hail, all hail, X. U.!

Note: The Alma Mater is sang at the close of convocations, assemblies and ceremonies. All rise when the Alma Mater is sang, and no one is to applaud afterward.
The Xavier seal is composed of a shield inscribed in a circle. On one side of the shield is a lion rampant in a field of white. His claws are tinged with gold. On the other side of the shield, on a green field is a crescent and above the crescent a gold spear of wheat. The gold and white are Xavier’s colors. The green field signifies confidence in God; the lion, symbol of courage and strength, stands for the Xavier student nourished with the wheat. The wheat may also stand for the Sisters of the Blessed Sacrament, who founded Xavier University. The Crescent represents the city of New Orleans; it may also symbolize Mary, the Virgin Mother of God, from who the Second Divine Person (Jesus Christ) arose.
Welcome to Xavier University of Louisiana! As a Xavierite, you are part of a spectacular community of students, faculty, staff, and alumni. It is my hope that you find yourself at XULA and explore all that the campus community has to offer. You are exactly where you are supposed to be and it is your responsibility to own your seat in this amazing community of scholars.

Whether you are an undergraduate or graduate; full-time or part-time; we are ready to help you succeed here, and the contents of this handbook will equip you with the tools to become successful. Your choices and actions will define your Xavier experience. Whether you choose to join XAB or SGA or volunteer in Vincent's Vault, there are many ways for you to get connected. Be curious, take risks and recognize that learning occurs within the context of our lives.

Student Affairs measures its success based on the ways in which we support you, therefore our success is inextricably connected the success that you enjoy. Please take advantage of every resource, service, and program offered. Each of us shares a responsibility for creating the community in which we live. As an institution of higher education, we commit ourselves to creating a climate where students, faculty, staff, and community members can explore concepts and ideas with openness and respect. You are the embodiment of Mother Katherine’s dream of a more just and humane society. As a Xavierite, I hope you are challenged to grow both academically and spiritually; and that we can assist you on your journey to becoming a civic minded agent of change.

If you see me walking across campus, say hello and let me know how you’re doing. Have fun, stay safe, and have a great semester. Take good care.

I Remain,

University facilities are assigned a Location Manager whose office should be contacted directly for questions about room set-ups, capacity and specific building resources or requirements. For additional questions or comments, please email events@xula.edu or visit the University Center 305B.

Reservation Requests

All requests for use of university facilities other than courses scheduled through the Registrar’s office are considered events. Events can be requested and viewed online from the university website https://www.xula.edu/eventscalendar. 6) Confirmation is sent electronically to Organization Advisor usually within three business days.
7) Meeting rooms are available 30 minutes prior to scheduled meeting time. Misuse of facilities may result in refusal of permission for future requests.

NO ACTIVITY SHALL BE PUBLICIZED PRIOR TO FINAL CLEARANCE!

Policy Statements

Xavier University of Louisiana approves, issues, and maintains university wide policies to provide continuity, ease of access, understanding and guidance to the university community.

Amnesty for Reporting Individuals

No bystander or victim that reports, in good faith, any incident of sexual assault, domestic violence, dating violence, and stalking, will be charged with an alcohol or drug use violation of the institution's code of conduct.

Amnesty

The health and safety of every student at Xavier University is of utmost importance. Xavier University recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. Xavier University strongly encourages students to report domestic violence, dating violence, stalking or sexual assault to campus officials. A bystander acting in good faith, or a victim/survivor who discloses an incident of domestic violence, dating violence, stalking, or sexual assault to Xavier officials or law enforcement will not be subject to the University’s student conduct process for violations of alcohol and/or drug use policies occurring at or near the time of the domestic violence, dating violence, stalking, or sexual assault.

Behavioral Health Emergency

A student who experiences a behavioral emergency, including attempts to harm himself/herself, may be required to leave campus and must submit a behavioral health assessment by a qualified professional or agency. If the emergency involves a community disturbance, disrupts the orderly functioning of the university, or requires more supervision to maintain than the university can reasonably provide, or jeopardizes in any way the safety of the student or others, the student may be required to remain off campus. The Director of Counseling Services (or designee) will prepare an evaluation of the student's capacity for remaining enrolled at the university. The Director of Counseling Services will make a recommendation to the Vice President of Student Affairs and/or Dean of Students regarding the student's ability to return to the university. If the situation evolves into a medical emergency, the director of Student Health services will prepare an evaluation. The student's parent(s) or guardian may also be notified. Parent(s) or guardian of dependent students must/will be notified.

If the student is allowed to remain enrolled, he/she will be required to sign an Agreement to Return to Campus, which documents conditions for remaining enrolled. This agreement may include outpatient treatment, and the student, the Vice President of Student Affairs and the Director of Counseling Services will evaluate it each semester, including the summer term. At any of these times, the agreement may be terminated. Parents may be required to assist the student. In the event of an extreme emergency such as a suicide attempt or any extreme situation where the student's judgment is significantly impaired, until parents or guardians can be contacted the on-call counseling staff will assist with initial treatment recommendations. The student or his/her family will be responsible for all off-campus costs including transportation to the hospital, the initial evaluation and any hospitalization costs or outpatient treatment.
Cyber-Harassment, Threats and Bullying

Recent events have placed the issue of cyber bullying, cyber stalking and cyber harassment at the forefront of campus conduct concerns. Xavier University of Louisiana is committed to each student’s success and establishes a caring, responsive, and safe learning environment that is free of discrimination, violence, and bullying. The Office of Student Affairs establishes student’s rights and responsibilities and responds to such behaviors through our Code of Conduct, www.xula.edu-studenthandbook.php. The following is an amendment to the 2012-2014 Student Handbook effective January 1, 2014, under Specific Regulations (Prohibited Behavior).

Xavier University of Louisiana, in its concern for the physical and emotional health, development and well-being of its students and employees, and to be in compliance with regulations of the Drug-Free Schools and Communities Act Amendments of 1989, Public Law 101-226, Section 22, provides a program of prevention and early intervention for alcohol abuse and other drug use, misuse, and dependency.

REGULATIONS: Section 1213 “Drug And Alcohol Abuse Prevention” Section 1213 Subpart B (a) (1) requires annual distribution to each student and employee of: “standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities;” Policies regarding the drug free campus will be disseminated to faculty and staff at the required fall and/or spring Institutes and to students at the time of registration. These policies are as follows: Xavier University of LA neither permits nor condones the illegal possession, use, manufacture, dispensing, distribution, and/or sale of drugs, narcotics, or alcohol. Students and employees (individually and as members of groups or organizations) are subject to criminal prosecution for violations of local, state and federal laws concerning the unlawful possession, use, manufacture, dispensing, distribution and/or sale of drugs and alcohol both on and off campus. The responsibility for knowing and abiding by the provisions of the University’s alcohol and drug policies rest with each individual. Precise regulations and standards of conduct may be found in the handbook appropriate to each individual’s status on campus.

Section 1213 Subpart B (a) (2) requires: “a description of the applicable legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol;” State and local laws prohibit the sale of alcoholic beverages to persons under the age of 21. Persons 18 years or older and under 21 shall not purchase or have public possession of an alcoholic beverage. [Summary of State Act 33, RS 14.91.2, Sections .1 and .5]. State law provides that anyone who is found guilty of manufacturing or distributing illicit drugs could be sentenced to a term of imprisonment at hard labor for a period not to exceed 30 years and may in addition be sentenced to pay a fine of not more than $15,000. A person over the age of 25 who is found guilty of distributing illicit drugs to a person under the age of 18 is automatically sentenced to life imprisonment at hard labor. Any person convicted of an offense as a second or subsequent offense shall be sentenced to a term for twice the amount authorized by the original statute. Any property used in the distribution or manufacture of controlled substances is subject to forfeiture under Louisiana law.

Section 1213 Subpart B (a) (3) requires: “a description of the health risks associated with the use of illicit drugs and the abuse of alcohol;” Illicit drugs and alcohol abuse are a threat to the physical and mental well being of individuals and clearly are an impediment to the learning process and environment. The use of illicit drugs and the abuse of alcohol may contribute to birth defects in children, health hazards and other debilitating conditions.

Section 1213 Subpart B (a) (4) requires: “a description of any drug or alcohol counseling, treatment, or rehabilitation or re-entry programs that are available to employees or students;” Individuals who seek assistance with substance abuse problems are provided health and counseling referral for evaluation, treatment, rehabilitation, or re-entry programs. These referral services are available through the Counseling Center or Student Health Service Center. Off campus referrals may be made to one of several agencies based on an individual’s personal situation. Participation in assistance programs will be viewed positively by the University, but will not prevent disciplinary action for acts which have occurred, nor will it relieve the employee of the responsibility to perform assigned duties in a safe and effective manner. Failure to successfully complete an assistance or rehabilitation program will constitute grounds for dismissal.

Section 1213 Subpart B (a) (5) requires: “a clear statement that the institution will impose sanctions on students and employees (consistent with local, State and Federal law), and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violations of the standards of conduct required by paragraph (a) (1).”

The University will cooperate in criminal investigations of violations of the law and will administer upon students and employees disciplinary sanctions of suspension, dismissal, expulsion, termination of employment and/or referral for prosecution. Sanctions may also include treatment assistance and/or rehabilitation programs. Employees and students must notify the University within five days of any arrest or conviction under a criminal drug statute. Any individual with the presence of drugs in his or her body for non-medical reasons or a blood alcohol level in excess of .05% is prohibited from University premises.

EMOTIONAL SUPPORT/SERVICE ANIMAL

Xavier University of Louisiana strives to create supportive and comfortable living communities inclusive of the needs of all students. Xavier University of Louisiana complies with the Americans with Disabilities Act of 1990 (ADA), the Rehabilitation Act of 1973 (Section 504), and the Fair Housing Act (FHA) which all prohibit discrimination based on disability and impose various obligations upon the University to accommodate the use of Service animals and Emotional Support animals that are approved as an accommodation for students with disabilities. Requests that fail to comply with all required documentation and evidence of the necessity of the Service or Emotional Support Animal set forth in this policy will be denied.

Xavier University of Louisiana reserves the right to enforce all relevant rules for the use of Service or Emotional Support Animals through the student conduct code and applicable laws. The University also reserves the right to revoke permission granted for the campus presence of any Service or Emotional Support Animal whose student (owner) fails to follow the requirements set forth in this policy. Additionally, the University reserves the right to update and/or revise this policy as necessary.

University Compliance

Xavier University of Louisiana under the oversight of the VP of Student Affairs is responsible for implementing this university policy.

Definitions

Approved animal: a service or emotional support animal that works, provides assistance or emotional support that alleviates one of more symptoms of a person’s disability.

Service Animal: a service animal as per Title III of the ADA is defined as: “any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Although dogs are the only species specifically delineated by law as service animals, ADA guidelines were revised in
2010 to include miniature horses with the definition of “service animals” where the use of a miniature horse instead of a dog is reasonable. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. A service animal performs functions and tasks that the individual with a disability cannot perform for themselves. Service animals are individually trained to do work or perform tasks for the benefit of an individual with a disability. These tasks include, but are not limited to: guiding individuals with impaired vision, alerting individuals who are hearing impaired to intruders or sound, providing minimal protection or rescue work, pulling a wheelchair, or fetching dropped items.

**Emotional Support Animal:** An animal whose sole responsibility is to provide calming influence, affection, stability, or security. An emotional support animal should demonstrate a good temperament and reliable, predictable behavior. Unlike a service animal, an emotional support animal does not assist a person with a disability with activities of daily living, nor does it accompany a person with a disability at all times. An emotional support animal, however, may be incorporated in a treatment process to assist in alleviating the symptoms of that individual’s disability. This treatment occurs within the person’s residence. **Emotional Support animals are not service animals and will not necessarily qualify as a reasonable accommodation under ADA.** Similar to the ADA, Louisiana law does not include protections for emotional support animals, and owners of public accommodations are not required to allow emotional support animals on their premises. If they meet the qualifications as a reasonable accommodation, then such animals can only be permitted in housing and not in public indoor areas on campus.

**Disability:** Defined under the FHA, 504, or the ADA, as a physical or mental condition or impairment that is medically recognizable, and diagnosable, and that substantially limits one or more of a person’s major life activities. These limitations may include: caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, working, and learning. A person is substantially limited in major life activities if the individual is unable to perform the activity, or is significantly restricted as to the manner in which he or she can perform that activity when compared to the average person. Acceptable documentation of disability can be from either a medical or mental health provider. It should verify the disability as well as the need for an approved animal.

**Approved Animal:** An “approved animal” is a service or emotional support animal that has been granted as a reasonable accommodation under this policy.

**Student (owner):** The “student (owner)” is the student who has requested the accommodation and has received approval to bring the “approved animal” on campus.

**Trainer:** Trainers are responsible for teaching dogs to perform behaviors that assist disabled individuals with daily tasks.

**Zoonotic Disease:** a disease caused by viruses, bacteria, parasites and fungi and spread between animals and people.

**Americans with Disability Act (ADA):** The Americans with Disabilities Act (ADA) became law in 1990. The ADA is a civil rights law that prohibits discrimination against individuals with disabilities in all areas of public life, including jobs, schools, transportation, and all public and private places that are open to the general public.

**Rehabilitation Act:** Section 504 of the 1973 Rehabilitation Act was the first disability civil rights law to be enacted in the United States. It prohibits discrimination against people with disabilities in programs that receive federal financial support and set the stage for enactment of the Americans with Disabilities Act.
**Fair Housing Act:** prohibits discrimination on the basis of disability in all types of housing transactions. The Act defines persons with a disability to mean those individuals with mental or physical impairments that **substantially limit one or more major life activities.** The term mental or physical impairment may include conditions such as blindness, hearing impairment, mobility impairment, HIV infection, mental retardation, alcoholism, drug addiction, chronic fatigue, learning disability, head injury, and mental illness. The term major life activity may include seeing, hearing, walking, breathing, performing manual tasks, caring for one's self, learning, speaking, or working. The Fair Housing Act also protects persons who have a record of such an impairment, or are regarded as having such an impairment.

**Applying for a Service or Emotional Support Animal Accommodation**

For a student to qualify to have a Service or Emotional Support animal on Xavier University of Louisiana campus the student must have a disability as defined by the ADA and/or current medical documentation that supports the need for an animal. **Medical Providers must be certified/accredited** in one of the following categories: MD, Ph.D., Psy.D., and LCSW. Students may apply for a Service or Emotional Support animal accommodation through the Office of Disability Services. (See process below)

Student’s accommodation request must be submitted 60 days prior to the start of the academic semester they are applying to attend.

**Fall and Spring Exceptions:** Only students with a significant change in health status request will be considered after the posted deadline.

**Process**

1. Contact the Office of Disability Services (ODS) for required forms:
   - **Service Animal Only**
     - Complete Animal Registration Form
     - Release of Information Form
   - **Emotional Support Animal Only**
     - ODS Disability Certificate
     - Release of Information Form
     - Upon Approval, complete Animal Registration Form

2. **Documentation Requirements**
   a) All request and completed forms must be submitted to the Office of Disability Services prior to the semester the student plans to attend.
   b) All required documentation must be received by the Office of Disability Services before any accommodations are granted.

**Approved Accommodation Notification**

Once all required documentation is received by the Office of Disability Services the student will be required to submit the following information (**see below**) on the approved animal to the Office of Disability prior to bringing the approved animal on campus:

- Current veterinary vaccination records
- Signed documentation of a clean bill of health
Once the above documentation is received, the student (owner) and the following entities (listed below) will receive an approved accommodation notification from the Office of Disability Services:

- Dean of Academic Affairs (service animals only)
- Director of Residence Education (If living on-campus only)
- Office of Student Affairs
- University Police

**Service Animals**

A service animal, which is covered by the ADA and Section 504, is different from an emotional support animal. Only dogs under titles II and III of the ADA are recognized as service animals, unless under the revised guidelines of 2010 the use of a miniature horse instead of a dog is considered reasonable and as applied to Section 504 are allowed in buildings other than residence halls when required to assist the student in the University's educational program or activity. “Reasonable accommodations” will be made by the University to permit the use of a service animal by any student enrolled at the university in both academic and nonacademic settings.

Federal regulations do not require the individual with a disability to provide documented proof of training of the dog, nor do they have to provide documentation of their disability. In situations where it is not obvious that the dog is a service animal, students may be asked the following two questions:

1. **Is the dog a service animal required because of a disability?**
2. **What work or task has the dog been trained to perform?**

Service animals may travel freely with their student (owner) throughout University facilities and will be given access to ADA-appropriate buildings/rooms. This includes the library, general offices, financial aid, registrar, public dining halls and general public events, etc.

Individuals with disabilities who use service animals cannot be isolated from other individuals, treated less favorably than other individuals without a disability, or charged fees that are not charged to others without animals.

The University may prohibit the use of approved service animals in certain locations when their presence would fundamentally alter the nature of the service, program or activity; or where the animal poses a direct threat to the health or safety of others. (e.g., where the animals may be in danger, or where their use may compromise the integrity of research). Restricted areas may include, but are not limited to, the following areas: custodial closets, boiler rooms, facility equipment rooms, research laboratories, classrooms with research/demonstration animals, areas where protective clothing is necessary, rooms with heavy machinery, and areas outlined in state law as being inaccessible to animals. A human assistant will be provided to the individual in this case. Exceptions to restricted areas may be granted on a case-by-case basis by contacting the appropriate department representative; the person directing the restricted area has the final decision.

If you have additional questions concerning the ADA and service animals, please call the Department's ADA Information Line at (800) 514-0301.
Specific Responsibilities
Service Animal Student (owner)

- The student must have a disability as defined by the ADA.
- The service animal must be trained to do specific tasks for the qualified individual directly related to the individual's disability.
- The student should register with the Office of Disability Services; by registering students will have the ability through ODS to inform their professors in advance that they will have a service animal in the class, lab, etc.
- Service animals should wear some type of identification symbol, identifying the animal as a working animal, but not disclosing disability.
- All service animals must wear a harness, leash, or other tether, at all times outside of the handler’s private quarters, unless these devices interfere with the service animal’s work or the individual’s disability prevents using these devices. When a leash or tether is not in use, the service animal must be otherwise under the handler’s control (e.g. voice control, signals, or other effective means).
- A service animal in training must be accompanied by the trainer who is training the service animal and the animal must wear a leash, harness, or cape that identifies the animal as a service animal in training. If the trainer is a student, they must provide information about the overseeing training agency.
- Service animals in training and their trainers are expected to adhere to the responsibilities and requirements of trained service animals and their student (owner).
- Always carry equipment sufficient to clean up the animal’s feces whenever the animal is on campus.

Emotional Support Animal (ESA)

Emotional support animals, as defined under the FHA are only allowed by the University in residence halls and are not allowed in academic settings (e.g. classrooms) or in other areas or buildings on campus.

Request for an emotional support animal may be approved but not the specific animal (i.e. Pitbull, Doberman) you request to bring on campus. Most reptiles, rodents and monkeys may be rejected because of health and safety concerns, as they can carry zoonotic diseases which pose a threat to the general welfare of residents in the communal living environment. Before an emotional support animal can be allowed on campus, the student must receive an approved accommodation notification from the Office of Disability Services.
Specific Responsibilities
Emotional Support Animal (ESA) Student (owner)

- Emotional support animals must be contained within the approved student’s privately assigned residential area (room, suite, and apartment) at all times, except when transported outside the private residential area in an animal carrier or controlled by leash or harness to leave the campus or use the restroom. Always carry equipment sufficient to clean up the animal’s feces whenever the animal is brought outside to use restroom.

- Any emotional support animal left in a residential facility while the student (owner) is temporarily away attending classes for any length of time, must be housed in a crate. The student (owner) of the animal retains responsibility for the animal at all times.

- Emotional support animals must not be left overnight in Residential Halls to be cared for by another student. Animals must leave campus if the student (owner) leaves campus for a prolonged period, including overnight.

General Responsibilities:
(Student (owner) / University Community / Office of Disability Services)

Student (owner) Responsibilities:

- Assuring that the approved animal does not unduly interfere with the routine activities of the University or cause difficulties for other members of the University community. The student (owner) and approved animal are both responsible for abiding by all applicable residential policies, including room inspections.

- Student (owner) must provide for the care necessary for the animal’s well-being. This includes bathing, grooming, and other care procedures, including regular flea and tick treatments as needed.

- The student (owner) should ensure that the animal does not display any behaviors or noises that are disruptive to others, unless it’s part of the service being provided to the student (owner).

- All animals must be house-broken, puppy pads will not be permitted.

- Official animal signage must be displayed on all external doors of the residence where a service or emotional support animal reside.

- Every academic year the student (owner) must renew their Service or Emotional Support Animal accommodation request.

- The student (owner) is responsible for the approved animal during a fire alarm, fire drill, or other building emergencies and /or natural disasters.

- In the case of an emergency, the University is not responsible for evacuating the animal. The student (owner) must have on file the name and contact information of an individual who could come to campus to remove the animal if needed within a reasonable amount of time. This person must be identified during the approval process.

- The student (owner) is financially responsible for the actions of the approved animal including bodily injury or property damage. The student (owner)’s responsibility
covers, but is not limited to, replacement of furniture, carpet, windows, wall covering, etc. The student (owner) is expected to cover these cost at the time of repair and/or move-out. The University shall reserve the right to bill the student (owner)’s account for unmet obligations. Final restitution costs will vary depending upon the original condition of the residence and other factors.

- All roommates or suite mates of the student (owner) must sign a Roommate/Suite mate Acknowledgment Form allowing the approved animal to be in the residence with them. In the event that one or more roommates or suite mates do not approve, either the student (owner) and animal or the non-approving roommates or suite mates, as determined by the Office of Residence Education policy, may be moved to a different location.

- The student (owner) must notify the Office of Disability Services in writing if the approved animal is no longer needed or is no longer in residence. To replace an approved animal, the student (owner) must file a new accommodation request.

- The student (owner) is responsible for independently removing the approved animal’s waste. Waste must be disposed in a sealed bag in designated areas. Indoor animal waste, such as cat litter, must be placed in a sturdy plastic bag and securely tied up before being disposed of in outside designated areas. Litter boxes should be placed on mats so that waste is not tracked onto carpeted surfaces. Outdoor solid animal waste must be picked up immediately and disposed of in a sealed plastic bag.

- The student (owner) is responsible for complying with local and state licensing laws for animal rights and student (owner) responsibilities. Approved animals must be current with vaccinations against diseases common to that type of animal. Dogs must have current vaccination against rabies and wear a vaccination tag.

- All approved animals must have an annual vaccination certificate and a statement regarding a clean bill of health from a licensed veterinarian on file with the Office of Disability Services.

- The student (owner) agrees to continue to abide by all other University policies. Any violation of the rules may result in immediate removal of the animal from the University and may be reviewed through the Student Conduct Process and the student (owner) will be afforded all rights of due process and appeal as outlined in that process. Should the approved animal be removed from the University premises for any reason, the student (owner) is expected to fulfill housing obligations for the remainder of the housing contract.

- Xavier University of LA reserves the right to request documentation showing that the animal has been licensed if applicable. All applicants should contact the Louisiana SPCA Animal Control Office @ (504) 368-5191 to ensure compliance with local ordinances.

University Community Responsibilities: Members of the University community are required to abide by the rules outlined in this policy:

- Must allow Service Animals to accompany its student (owner) at all times and in all general public places on campus, except where animals are specifically prohibited.

- University community and general public should not:
  - Pet the service animal, it may distract them from the task at hand
• Feed the service animal
• Deliberately startle the service animal
• Attempt to separate a student (owner) from their service animal

➢ Should contact Office of Disability Services if any questions or concerns arise relating to service animals on campus.

➢ Should report any service animals who misbehave, or any student (owner) who mistreat their service animals to the Office of Disability Services @ (504)520-7607 and/or University Police @ (504)520-7490, or Louisiana SPCA @ 504.368.5191 ext. 100.

Office of Disability Services Responsibilities:

➢ Assist the University community when questions or concerns arise relating to service animals on campus, and seeks legal advice when necessary.

➢ Develops necessary policies and guidelines according to the American Disability Act (ADA) on behalf of the University regarding service and/or emotional support animals on campus.

Conflicting Health Conditions:

The University acknowledges that the presence of service and emotional support animals may present health, safety, security, and programmatic issues for other members of the community; however, according to ADA guidelines allergies and fear of dogs are not valid reasons for denying access or refusing service to people using service animals.

The American Disability Act states when a person who is allergic to dog dander and a person who uses a service animal must spend time in the same room or facility, both should be accommodated by assigning them, if possible, to different locations within the room or different rooms in the facility. The individual impacted by the presence of the animal must register with the Office of Disability Services and provide verifiable medical documentation to support the claim.

The Office of Disability Services will consider the needs of all students in meeting its obligations to reasonably accommodate all disabilities and to resolve the problem as efficiently and expeditiously as possible.

Abandon Animals

Any abandon animals will be turned over to the SPCA; any charges incurred will be the responsibility of the student (owner) of the animal. The university reserves the right to apply any charges incurred to the student’s (owner) account.

**NETWORK - RESPONSIBLE USE**

The Network Responsible Use Policy is available on the University’s website at [https://www.xula.edu/itc](https://www.xula.edu/itc). The Information Technology Department publishes and enforces this policy which governs the use of computing facilities and network resources at Xavier University of Louisiana. You agree to abide by these policies when you access the related resources. Anyone suspected to be in violation of the policy, may have technology access blocked until resolved.

**Rights, Privileges, and Responsibilities**

Academic and intellectual freedoms are cherished *rights*, as is freedom of expression; these rights apply to the use of University network resources. Access to these resources is a *privilege* that carries certain responsibilities and duties. These duties and responsibilities derive from the fact that all computers, hardware, software, and institutionally generated operational information stored on computers and any network resources are and remain the property of Xavier University of Louisiana. Ethical and legal uses of these resources are a *responsibility* for every user.

A. **Access to Resources**

All employees, faculty, staff and students of Xavier University of Louisiana as well as authorized groups and individuals shall be granted access to the University’s network resources so long as such access and use is in accord with this policy.

B. **Privacy & Confidentiality**

Xavier University of Louisiana respects the privacy of its users and the confidentiality of their work, but there are important exceptions to this general principle. Xavier University of Louisiana makes no guarantee of privacy or confidentiality against the world at large. It is the responsibility of the user to take appropriate steps to insure his or her privacy.

C. **Censorship**

Free expression of ideas is central to the academic process. While Xavier University of Louisiana does not ordinarily engage in censorship of the expressions of an individual, the University reserves the right to censor the expressions of any users of any network or computer facilities of the University to the extent that the University believes that such expression violates any laws or policies of the University.

D. **Innovation & Creativity**

Members of the University community are encouraged to make innovative and creative use of information technologies in support of education, research and community service.

E. **Security & Passwords**

Examples of illegal use include, but are not limited to: A user engaged in harassment of individuals or groups. to the website below for a list of legal sites to download from:
http://www.educause.edu/Resources/Browse/LegalDownloading/33381

Penalties for violation of federal copyright laws:
Upon identifying illegal file sharing activity, the rights-holder or agent will often file an infringement complaint with the service provider. Xavier University of Louisiana is the service provider for its students, faculty and staff. Unless these complaints are addressed promptly, the University may also be held liable for infringement. Therefore if you use the University network to make illegal copies or fail to protect legally obtained media on your computer, you put yourself and the University at risk. If the rights-holder elects to file suit against you, the law permits a claim of up to $150,000 per infringed title. In some extreme cases, criminal penalty could apply.

It is also possible that ITC may discover copyright infringement activity while tracing the cause of network performance problems which sometimes result from high consumption of bandwidth over a prolonged period by a single user. In such cases we will take immediate action to prevent this continued activity by the violator. Any kind of illegal use of the university’s technology resources will result in actions as outlined under Sanctions in Section J of this document. See below:

Violations of this policy will be dealt with seriously. Violators will be subject to the normal disciplinary codes and procedures of the University, i.e., students will be subject to applicable student discipline, faculty will be subject to applicable faculty discipline, and staff will be subject to applicable staff discipline. RELEASE OF INFORMATION/PRIVACY OF EDUCATION RECORDS

The Family Educational Rights and Privacy Act (FERPA) also known as the Buckley Amendment, is a set of federal regulations established in 1974 that makes four specific guarantees to college students regarding the privacy of their education records. They are:

1) the right to inspect and review education records
2) the right to seek to amend education records
3) the right to have some control over the disclosure of information from those education records
4) the right to file a complaint against any institution for the alleged violation of these FERPA rights

These guarantees are made directly to currently and formerly enrolled students, regardless of their age or status in regard to parental dependency, acknowledging that young people who are already 18 years of age are considered responsible adults. Parents, guardians and others do not have a right to access student records of adult children without their signed, written consent to do so.

Student and Parent Rights Relating to Educational Records

Students have a right to know about the purposes, content and location of information kept as part of their educational records. Students have a right to gain access to and challenge the content of their educational records. Students have a right to expect that information in their educational records will be kept confidential, disclosed only with their permission or under provisions of the law. Students have a right to permit or prevent disclosure of certain information in their educational records. Parents have the right to expect confidentiality of certain information about them in student records.

Students and Parents can locate the notification of the policy regarding privacy and protection of student records and parent information in the policy section of this Student Handbook in its entirety online at http://www.xula.edu/student-handbook and at https://www.xula.edu/itc-privacy-statement

Students can complete a FERPA waiver to allow parent/guardian access to information at https://www.xula.edu/registrars-office-completing-a-ferpa-waiver

FERPA is administered by the Family Policy Compliance Office (FPCO), part of the US Department of Education in Washington, DC. It is the FPCO which interprets and resolves complaints regarding FERPA and the FERPA rights of students. The Department of Education provides more information for students and parents on its website – www.ed.gov.

RESIDENTIAL EDUCATION

The Residential Education Staff

The Residential Education Staff assumes responsibility in the overall functioning of the Residential Facilities. The staff has a responsibility to:

1) establish a pleasant and growth-promoting living environment;
2) assist individual students in their needs and problems;
3) advise student organizations, committees, or other groups;
4) enforce rules and regulations; and
5) perform administrative duties required in the functioning of the residence facilities.

Residence Hall Government

Each student is a member of the Residence Hall Association and fees for diverse programming and resources are collected as part of semester tuition and fees. Residence Hall government consists of the Inter-Hall Council, each individual Hall Council and the Residence Life Student Conduct Board. Each student is an important part of this process. The extent and effectiveness of the Councils and Conduct Board depend mainly on individual student efforts in self-governance and their interest in Residence affairs.

The Inter-Hall Council is organized to coordinate joint programs and activities of the residence halls. It is comprised of representatives from each hall.

Each Hall Council consists of the unit representatives. It functions as an executive and legislative body, establishing regulations and representing student residents to conduct residence hall business.

The Residence Hall Conduct Board hears referred cases. It also reviews and interprets the residence guidelines and constitution. The responsibility for deciding cases involving residence hall violations referred to in this handbook is granted to the Conduct Board of the residence unit. This board will assess the facts and recommend the disposition in all cases. Those infractions which subject a student to suspension or dismissal from the University will be handled by the Office of Student Affairs or referred to the University Hearing Committee. Appeals from the residence board may be made to the Office of Student Affairs. The Hall Council, in conjunction with Student Affairs, determines policies designed to insure a favorable living environment for all students.

The Nutrition Advisory Committee (NAC) is responsible for monitoring food service operations and encourages nutrition awareness among residents, faculty and staff.

There will be mandatory Hall Meetings held in the residence hall to inform students of important information regarding resident living, emergency situations and other concerns of the University. These meetings will be scheduled by the residence life staff. Residents will be notified and held responsible for the information distributed. The meetings may be held for the entire hall or on each floor. Failure to attend or submit a request for an official excuse prior to the meeting will result in a Student Code of Conduct violation.

SPECIAL OVERNIGHT

An overnight may be used when a student wishes to remain out of the residence hall until the following morning. The resident will be required to complete a form that will be located at the front desk of each hall. Students should contact the residence hall if emergencies arise which necessitate their being out later than the curfew. Students under the age of 18 years are not permitted to sign out without parent/guardian permission. The Residential Education staff will contact the parent/guardian at time of request from resident.

LATENESS

When a resident returns to the residence hall, late, disciplinary action can be taken and will result in action from community standards.
SPECIAL CURFEW REGULATIONS
After any campus social activity the curfew is extended one half hour past the close of the event for those in attendance.

CURFEW PENALTIES
Frequent violations of curfew will be considered serious acts of insubordination and subject the student to dismissal from the residence facility and the University.

Curfew Regulations – Student Status
New First Time Freshman - Daily: 2:00am
Sophomore, Junior, Senior, Graduate and Pharmacy - No Curfew

UNIVERSITY DINING HALL
The University Dining Hall is open seven days a week, serving both resident and commuting students. The housing contract includes dining hall services. These may not be separated unless you reside in an authorized off main campus location. The dining hall offers a 15 and a 19-meal plan which offers three meals Monday through Friday and brunch plus dinner on Saturday and Sunday. Food cannot be carried out of the dining hall without approval. Meal hours and menus are posted in the dining hall and online. When it becomes necessary to alter meal hours for any special purpose, notices will be posted at least 24 hours in advance. If a student’s class schedule does not permit them to eat during the scheduled meal hours they should take their schedule to the Dining Services manager and make other arrangements. If the conflict cannot be resolved by the manager you should contact the Residential Education and/or Office of Student Affairs.

On holidays or days when the University does not have classes scheduled, the dining hall will serve 2 meals (brunch and dinner). All meals begin with lunch on the first day of hall check-in and will end with breakfast on the last day of hall check-out for the fall and spring semesters (except for graduating seniors) and the first day of finals for the summer sessions.

MEAL CARD
The Campus XCard serves as the multi-purpose ID/meal card. The card must be presented for verification to the cashier at each meal, or the student must pay cash. For resident students, loss of a meal card should be reported immediately to the Campus Card office or if after business hours, to the residence director in your Hall, and to the dining hall manager. A lost meal card will be replaced for a fee payable in cash to the Campus Card office.

If you are a resident living on campus you are eligible to get a "TEMPORARY CARD"
See your Resident Hall Director to receive a temporary card that will give you access to your meal plan until the next business day.

Residence Hall Policies
Residential Policies:

The Office of Residential Education and Xavier University has developed policies and procedures to ensure that all contractual relationships, as well as fire, safety, and maintenance standards, are upheld in the residence halls. In most instances, policies relate directly to the health and safety of residents and the condition of facilities. Since the ultimate responsibility for fulfilling these standards lies with the individual residents, all residents must read and abide by the Residential Living Agreement. A copy of the agreement will be handed to you upon check in. If there is anything you
need clarified, feel free to contact the Office of Residential Education. A signed Residential Living Agreement is a binding obligation between the student and Xavier University. The student is responsible for satisfying the full financial obligation of the contract in a timely manner consistent with published University payment schedules. Failure to meet the financial obligations to the University may result in the student’s required vacancy of their residential space. The student is obligated to reside in the facility stipulated in the contract and abide by the rules of conduct established for the residence hall system. Failure to do so will result in a fine and/or University sanction. In addition to these regulations, all students are required to abide by University policies and principles as set forth in the Code of Community Standards. Sanctions for breaking any of these rules range from a fine, warning, or probation to suspension from the residence halls or from the University. These policies are strictly enforced because of our commitment to ensure the health and safety of all members of our community. If you are banned from housing, you cannot enter a residence hall for any reason without permission from the Office of Community Standards; if you are the roommate/suitemate of the banned student and allow the banned student into the room/suite, you can be held responsible through the student conduct process and/or be charged for the entire room bill for having hosted the banned student. Anyone violating these policies may be subject to automatic disciplinary action under the Code of Community Standards.

CONDUCT CODES

The Student Conduct code and following additional regulations will govern student conduct in the residence facilities. The willful violation of any of these regulations will subject the offender to possible suspension or dismissal from the facility and/or the University.

Hall Decorum

GENERAL AREAS

We expect each resident to be considerate of the staff as well as their fellow residents by maintaining the cleanliness of the general areas of the residence hall including bathrooms, utility rooms, corridors, laundry rooms, etc. Each resident is responsible for the condition of the lounge. Furnishings may not be removed or interchanged from the lounge or any other areas. Removal of any such item is a conduct violation.

NOISE

Students are expected to respect the rights of others 24 hours per day. Shouting, screaming, cursing and other types of boisterous behavior are strictly forbidden at all times. Any resident has the right to tactfully and courteously approach another resident regarding noise. Excessive noise which indicates disrespect for the rights of others will not be tolerated.

Noise is any sound that can be heard outside of the confines of a room. Radios and stereo sets are to be modulated in such a way that they entertain only the occupants of the room in which they are located. The use of earphones is encouraged. The playing of stereos and radios or any equipment at a level which falls into the scope of the definition of noise may result in the confiscation of the set and/or the loss of the privilege to play the set.

STUDY HOURS

All class periods are considered periods of study. The evening study period begins at 7:00 p.m. and lasts for the entire evening Sunday through Friday. During this time, the study atmosphere must be maintained.

ENTRY INTO RESIDENCE HALL ROOM

Entry by a student into another student’s room without their permission is prohibited. Entrance into student living spaces is categorized into three levels: General Entry, Investigative Entry (Reasonable Cause), and Imminent Entry (Critical). See Guide to Residence Living for a full description of Room Search Protocol.

I. General Entry:
1. Non-emergency maintenance repairs: By requesting a maintenance repair, a student has granted permission for a member of the facilities staff to come into the room/suite/apartment and make the necessary repair. In addition, facilities staff may enter student living spaces to verify damages or to perform other maintenance services during normal business hours (M-F, 9:00 am - 5:00 pm).
2. Periodic health and safety inspections: Several times during the year, Residential Education staff will conduct routine inspections of all student living spaces.

5. General Courtesy Issues: Rooms may be entered to turn off alarms and other items which are causing a disturbance for other members of the college community when there has been no response by the occupants.

II. Investigative Entry (Reasonable Cause)

Violations of Student Conduct Code or Local, State or Federal Laws: If staff members from the Office for Residential Education or University Police have reason to believe a law or university policy is going to be, is in the process of being, or has been broken, a decision to conduct a room search may be obtained (see "Protocol for Room Search Procedure" in the Student Handbook). Such possible violation of the laws and policies include but are not limited to: all policies pertaining to alcohol and other drugs, weapons/fireworks, fire safety, theft, pets, smoking, unregistered person, guests, violation of the NRUP (Network Responsible Use Policy), and noise.

III. Imminent Entry (Critical)

The university is committed to providing a safe environment for all of its members and therefore prohibits sexual misconduct as defined in this policy.

In order to reduce incidents of sexual misconduct, Xavier University of Louisiana provides educational programming and training for the campus community. These programs promote healthy behavior and help educate the campus community about sexual assault, dating and domestic violence, stalking, consent, bystander intervention and reporting. When sexual misconduct does occur, all members of the university community are encouraged to report it promptly through the procedures outlined in this policy. Amnesty

Individuals are encouraged to come forward and report sexual misconduct regardless of their choice to consume alcohol or use drugs. Information concerning use of alcohol or drugs will not be used against the particular individual in a disciplinary proceeding or voluntarily reported to law enforcement when the university community member is reporting allegations of sexual misconduct. However, individuals may be provided with resources on alcohol and drug counseling and/or education as appropriate.

Retaliation

Anyone who, in good faith, reports what they believe to be sexual misconduct, or who participates or cooperates in, or is otherwise associated with any investigation, shall not be subjected to retaliation. Retaliation includes intimidation, threats or other adverse action and/or speech. Retaliation of any kind should be promptly reported to one of Xavier University of Louisiana’s Title IX coordinators as described below:

- Retaliation by students should be reported to the Chief Inclusion Officer and Deputy Title IX Coordinator, Dr. Ashley Baker, University Center, Suite 208, abaker12@xula.edu, 504-520-7229.
- Retaliation by faculty or staff should be reported to the Assistant Vice President for Human Resources Kevin Wolf, kwolf@xula.edu, Xavier South Suite 410, (504) 520-5281.

Any person found to have engaged in retaliation in violation of this policy shall be subject to disciplinary action.

False Complaints

Individuals are prohibited from intentionally giving false statements to a university official. Any person found to have intentionally submitted false complaints, accusations or statements, including during a hearing, in violation of this policy shall be subject to disciplinary action (up to and including suspension or expulsion) and adjudicated under the Student Code of Conduct.

Handling Reports of Sexual Misconduct

Support Services

Once a student or employee makes a formal complaint or receives notice that a complaint has been made against them, or the Title IX Coordinator/Deputy Title IX Coordinator receives actual knowledge of a complaint of sexual misconduct, the complainant, alleged victim and respondent will receive written information about support services available such as victim advocacy, counseling, housing accommodations, legal assistance, disability services, academic support and other assistance available at the university.

Support Measures

During the investigation and prior to a final determination, the Title IX Coordinator or designee will take appropriate support measures to protect the complainant. These measures may include, but are not limited to, the imposition of a no-contact order and/or modifications in employment, transportation, housing, dining, extracurricular activities and/or academic modifications. The Title
IX Coordinator or designee, at their sole discretion, may limit a student or employee’s access to certain University facilities or activities pending resolution of the complaint or may impose an interim suspension on the respondent when deemed necessary to protect the complainant’s physical or emotional safety or wellbeing, or if the respondent poses an ongoing threat of disruption or interference with the normal operation of the university. Before an interim suspension is issued, the university will make reasonable efforts to give the respondent the opportunity to be heard as outlined in the Student Code of Conduct.

**Jurisdiction**

This policy addresses sexual misconduct allegedly committed by a Xavier University of Louisiana student, faculty or staff member when the sexual misconduct occurs on university property, off-campus property owned or controlled by a registered student organization or at an institution-sponsored event within the United States.

**Advisors**

The complainant and the respondent will have the opportunity to use an advisor of their choosing at their own expense, who may or may not be an attorney, for the purpose of providing counsel and advice in compliance with the Student Code of Conduct. If the complainant or respondent do not have an advisor, one will be provided for them.

**Informal Resolutions**

Allegations of sexual misconduct may be resolved informally, without a determination of conduct, if all of the following are met: 1) The complainant and respondent agree to an informal resolution 2) The complainant and respondent agree to the terms of the informal resolution 3) The initial allegation could not result in expulsion 4) The investigator or Deputy Title IX Coordinator determines informal resolution is in the best interest of the university community and both parties involved.

The complainant and respondent have the option to end informal resolution at any time prior to an informal resolution being reached and instead request a formal hearing. Once the complaint has been resolved informally, the decision shall not be appealed.

**Investigations:**

The Title IX Coordinator/Deputy Title IX Coordinator will determine if an investigation is appropriate and will also identify who will conduct the investigation to determine the facts of the case as completely as possible.

If a student reports a sexual misconduct, but does not wish to participate in the investigation and adjudication process, the situation will be reviewed by the Title IX Coordinator/Deputy Title IX Coordinator, to determine if there is sufficient information to proceed with an investigation without complainant/reporting party participation.

If the respondent/responding party does not wish to participate in the investigation and adjudication process, the process will proceed without their contribution to the determination of the facts of the case. The respondent should note that the appeal process, based on appearance of new information not available to the hearing panel, does not apply in cases of deliberate omission of information by the respondent, including refusal by the respondent to participate in the investigation.

The investigator will work to conduct a thorough, neutral, fact-finding investigation of the allegation. The investigator will review all available evidence, including written reports, voluntary written statements, and evidence provided by both parties and witness interviews; and using the required “preponderance of the evidence” standard. All individuals contacted by the investigator will be required to maintain the privacy of the investigation.
The investigator will produce a report of their findings. The report will be reviewed to determine whether or not there is adequate information available to proceed to a formal Conduct Hearing. Prior to completion of the investigative report, both parties will receive documentation of the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report.

Should a determination be made that the information gathered warrants a formal Conduct Hearing, the complete report, and all necessary documents, will be sent forward to the hearing panel for adjudication.

Should a determination be made that the information gathered does not warrant a formal Conduct Hearing, the decision will be considered a final determination and no changes will be made unless there is new and compelling information, which would warrant a reopening of the investigation. The decision will be fully vetted by the Deputy Title IX coordinator.

**Timeframe**

Efforts will be made to complete the investigation within a reasonable timeframe, which will be determined based upon the allegations, availability of witnesses and/or evidence, etc. in a particular case. When the timeframe will extend past the reasonable timeframe, the parties will be informed of the delay and the reason for the delay. The investigator will keep the parties informed of the status of the investigation.

**Hearings:**

A hearing panel will be appointed by the Deputy Title IX Coordinator within a reasonable timeline after receiving the investigator’s report that there is sufficient cause to move forward with the complaint to the Hearing Panel. The Hearing Panel will schedule their first meeting after receiving information, documents and instructions from the Deputy Title IX Coordinator. The Hearing Panel consists of faculty and/or staff members who have received training in the Title IX hearing process and procedures.

The complainant and the respondent shall have an opportunity to challenge Hearing Panel members for bias or conflict of interest. The Deputy Title IX Coordinator, has sole discretion shall determine whether a Hearing Panel member will be removed for possible bias or conflict of interest. Title IX hearings will take place in a private location and are not open to members of the University community or the public.

Witnesses will be kept in a separate room, only entering the hearing room to present information. The complainant and the respondent will make their presentations and answer questions from the Hearing Panel in the hearing room.

At the live hearing, the hearing panel will permit each party’s advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the party’s advisor of choice and never by a party personally. Only relevant cross-examination and other questions may be asked of a party or witness.

An audio tape will be used by the Hearing Panel to record the presentations of the complainant, respondent and witnesses. Neither the complainant nor the respondent will be allowed to be present when the presentation of the other is made before the Hearing Panel. Irrelevant information that is not pertinent to the incident involving the complainant and respondent will not be admitted in the hearing. Likewise, information that is lacking in credibility will not be considered by the Hearing Panel.

If a complainant or respondent fails to attend a hearing, the hearing may be held in the complainant’s or respondent’s absence. The Hearing Panel Chairperson has discretion to
reschedule a hearing if they determine it is necessary in order to achieve a prompt and equitable resolution. The Hearing Panel will find the respondent responsible if a preponderance of the evidence indicates that the respondent violated this policy. This means the Hearing Panel must determine whether it is more likely than not, based on the information presented at the hearing, that the respondent is responsible.

**Acceptance of Responsibility:** If the respondent chooses to accept responsibility for the alleged violation(s), the respondent will provide the Deputy Title IX Coordinator with a written statement identifying the specific violation(s) and/or conduct to which the respondent admits. The Deputy Title IX Coordinator will share the respondent’s statement with the complainant and the Hearing Panel. Sanctions will be determined by the Hearing Panel and a hearing may be held solely for the purpose of determining sanctions.

**Determining a Continued Threat:** The university may seek consent from the complainant prior to conducting an investigation. The complainant may decline to consent to an investigation and that determination will be honored unless the university’s failure to act does not adequately mitigate the risk of harm to the complainant or other members of the university community. Honoring the complainant’s request may limit the university’s ability to investigate and pursue conduct action against an accused individual. If the university determines that an investigation is required, the university will notify the complainant and take immediate action to protect and assist the complainant. When an incident is disclosed to someone who is responsible for responding to or reporting sexual misconduct, but the complainant wishes to maintain confidentiality, the university will consider many factors to determine whether to proceed despite that request. These factors include, but are not limited to:

- Whether the accused has a history of violent behavior or is a repeat offender
- Whether the incident represents escalation, such as a situation previously involving sustained stalking
- The risk that the accused will commit additional acts of violence
- Whether the accused used a weapon or force
- Whether the reporting individual is a minor
- Whether the university possess other means to obtain evidence, such as security footage, and whether the report reveals a pattern of perpetration at a given location or by a particular group

If the university determines it must move forward with an investigation, the reporting individual or victim/survivor will be notified and the university will take immediate action to protect and assist them.

**Determination of Sanction:** If the Hearing Panel finds the respondent responsible, it will immediately deliberate sanctions. Only the Hearing Panel members are present for deliberations. The Deputy Title IX Coordinator or Investigator will share the respondent’s prior disciplinary conduct record and the sanctioning statements with the Hearing Panel. Any sanction imposed upon the respondent will be selected from the sanctions identified in the policy. The determination of sanctions is based upon a number of factors including: the nature of the violation, the harm suffered by the complainant, any ongoing risk to either the complainant or the community posed by respondent, the impact of the violation on the university community, any previous conduct violations and any mitigating or aggravating circumstances. The Hearing Panel will determine sanctions by majority vote.

**Notification of Outcome:** Within three calendar days from the date of the conclusion of the hearing, the Deputy Title IX Coordinator will communicate in writing to the complainant and respondent the results of the hearing (consistent with the university’s obligations under federal law) and procedures for appeal.

**Sanctions:** A Hearing Panel will impose at least one of the sanctions listed below for any student respondent found responsible for violating this policy. At the recommendation of the Hearing
Panel, respondents may also be subject to an accountability plan. The accountability plan is developed by the Vice President or Associate Vice President for Student Affairs, if the respondent is a student, and designed to educate and encourage reflection on the part of the respondent regarding their behavior and effect on the community.

**Types of Sanctions**

a. Letter of Censure: Official disciplinary action conveying to the respondent that the student’s behavior was unacceptable and any future prohibited conduct may result in more severe disciplinary action, including disciplinary probation, suspension or expulsion.

b. Disciplinary Probation: Pre-suspension period in which the student’s behavior is under university review, conveying that the student’s behavior was unacceptable and any future prohibited conduct may result in more severe disciplinary action, including suspension or expulsion.

c. Deferred Suspension: Although suspension is sanctioned, the student is permitted to remain on campus and enrolled in classes. The initial sanction of suspension (for a period of time no less than the remainder of the current semester and no more than one academic year) shall be imposed immediately if any other conduct prohibited by this policy or the Code of Conduct occurs during the deferred suspension period. A student on deferred suspension may continue to participate in student activities but shall be ineligible to represent the university in any official function or leadership position (For example: varsity athletics, student leadership position, cheerleader, committee chair, student government member/officer or elected office in any recognized student organization).

d. Suspension: Separation from the university for a period of time no less than the remainder of the current semester and no more than one academic year. Suspension may be effective immediately or deferred until the end of the current semester. During the period of suspension, the respondent is not permitted on campus without written permission from the Vice President of Student Affairs. The record of suspension will be maintained by the Vice President of Student Affairs’ office in accordance with the retention of student record policy. The record will be maintained by the Office of the Registrar only during the period of suspension. Any refund of room, board, tuition or fees as result of the suspension shall be in accordance with applicable policies.

e. Expulsion: Permanent separation from the university will be effective immediately. The record of expulsion is maintained in both the Vice President of Student Affairs’ office and the Office of the Registrar. Any refund of room, board, tuition, or fees as result of the expulsion shall be in accordance with applicable policies. No academic credit may be earned for that semester.

**Appeals:** An appeal must be submitted to the Title IX Coordinator or Deputy Title IX Coordinator within forty eight (48) hours after receiving the decision of the Hearing Panel. The university allows the complainant and respondent to request an appeal of the outcome of the hearing in two instances: (a) Where procedural error or previously unavailable relevant evidence could significantly impact the outcome of a case or (b) Where a sanction is substantially disproportionate to the findings.

**Office of Civil Rights Complaints**

If you would like to contact the Office of Civil Rights in the U.S. Department of Education with a concern, you can find information regarding their procedures at [https://www2.ed.gov/about/offices/list/ocr/docs/howto.html?src=rt](https://www2.ed.gov/about/offices/list/ocr/docs/howto.html?src=rt). 1. The right to decide whether or not to disclose a crime or violation to the university.
2. The right to have any and all sexual assaults against them treated with seriousness, the right to be treated with dignity and the right for campus organizations that assist victims to be accorded recognition.

3. The right to have sexual assaults committed against them investigated and adjudicated by the criminal and civil authorities of the governmental entity in which the crimes occurred and the right to the full and prompt cooperation and assistance of campus personnel in notifying the proper authorities. This shall be in addition to any campus disciplinary proceedings.

4. The right to be free from any kind of pressure from campus personnel to (1) not report crimes committed against them to civil/criminal authorities or to campus law enforcement/disciplinary officials or (2) report crimes as lesser offenses than the victim perceives them to be.

5. The right to be free from any kind of suggestion that campus sexual assault victims should not report or under-report crimes because (1) victims are somehow “responsible” for the crimes against them (2) victims are negligent or assumed the risk of being assaulted (3) by reporting crimes, the victim would experience unwanted personal publicity.

6. The right to decide whether or not to participate in the university’s adjudication process.

7. The right to legal assistance, or ability to have others present, in any campus disciplinary proceeding that the university affords to the accused.

8. The right to be notified of the outcome of the university’s adjudication proceeding and the right to at least one level of appeal after the outcome of a proceeding has been determined.

9. The right to full and prompt cooperation from campus personnel in obtaining, securing and maintaining information that may be necessary to prove a sexual assault occurred in subsequent legal proceedings.

10. The right to counseling and assistance from mental health services previously established by the university and/or by other violence prevention advocacy entities.

11. After campus sexual assaults have been reported, the victims of such crimes have the right to require campus personnel to take the necessary steps or actions reasonably possible to prevent any unnecessary or unwanted contact or proximity with alleged assailants, including immediate relocation of the victim to safe and secure alternative housing and transfer of classes if requested by the victim.

12. Additionally, whether a student has been the victim of a sexual assault or not, students have a right to live in campus accommodations for which the university receives any compensation, direct or indirect, in an environment free from sexual or physical intimidation or any other continuing disruptive behavior that is of such a serious nature as would prevent a reasonable person from attaining their education goals. Violations of these provisions will be corrected by campus personnel by relocating the complainant, if reasonably possible, to a safe and secure alternative location as soon as possible, unless the behavior in violation demonstrates the need for immediate action to be taken by campus personnel.

TOBACCO/SMOKE-FREE CAMPUS POLICY AND PROCEDURES

PURPOSE:
The purpose of this policy is to provide guidelines for the implementation of a policy on the prohibition of smoking and tobacco use on the campus of Xavier University of Louisiana.

Awareness/Education: October, 2012
Policy Effective: October 21, 2013
Enforcement Effective: January 1, 2014

BACKGROUND AND RATIONALE:
The U. S. Surgeon General’s 1964 report clearly established a direct link between cigarette smoking and its harmful effects on human life. Twenty-nine subsequent Surgeon General reports have confirmed and strengthened the original Surgeon General’s conclusion.

Xavier University is committed to promoting a healthy learning, working and living environment for students, staff, faculty and campus visitors; follows city and state ordinances concerning “Clean Indoor Air Act” that regulates smoking in and around buildings; and has a long history of developing partnerships on and off-campus to promote several health and wellness initiatives to encourage positive health behaviors and address health disparities.

POLICY:
The use of tobacco is prohibited on the campus of Xavier University of Louisiana. This includes all buildings, facilities or property owned, leased or operated by Xavier University (including residence halls and university owned residential properties), parking structures, campus walkways, university owned vehicles, and privately owned vehicles parked on university property. This policy applies to all students, faculty, staff, contractors, vendors, and visitors to all university properties, all events held on university properties, all officially sanctioned, university sponsored, or affiliated events that are held off-campus.

DEFINITION:
Prohibited tobacco products include, but are not limited to, cigarettes (clove, bidis, kreteks), cigars, cigarillos, pipes, hookah-smoked products, oral tobacco (spit and spitless also known as smokeless,
dip, snus, chew, snuff, orbs, etc.) and including electronic smoking devices (cigarettes) or any type of product containing, made or derived from tobacco. This policy excludes any product that has been approved by the Food and Drug Administration for sale as a tobacco cessation product, or for other medical purposes.

IMPLEMENTATION:

Through the university’s existing health plans, Employee Assistance Program and community sponsors, Xavier University of Louisiana will consult with appropriate health organizations to provide students and employees with information to access support systems, programs and services to encourage abstinence from the use of tobacco products.

The Tobacco Free Living/Fresh Campus (TFL/Fresh Campus) Action Committee will develop a campaign for general education and awareness and to communicate the policy to students, faculty, staff and visitors; provide a statement of the policy for inclusion in the faculty, staff and student handbooks; create announcements for institutionally-sponsored or related events, and appropriate signage in buildings around campus.

1. Each faculty member and class advisor shall be encouraged to explain the University’s tobacco-free, smoke-free policy at the beginning of each class term during the first year of implementation. Thereafter, the policy will be introduced at all new student and employee orientation programs.

2. The university will provide appropriate signage and other physical indicators of our policy as well as notification in both print and electronic formats.

3. Signs will be posted in a manner and location to adequately notify students, staff, faculty, visitors, vendors and contractors of the policy.

4. Signs will state that smoking and the use of tobacco products are prohibited, and will include the universal “No Smoking and Use of Tobacco Products Prohibited” symbol.

Summary of Student Responsibilities and Rights

As a Catholic institution, Xavier University seeks to foster an environment where student rights are valued and recognized, balanced with student responsibility in accordance with the policies, procedures and guidelines of the university. The act of voluntary registration at Xavier University by each student, for courses and/or housing, indicates his acceptance of the high traditions and principles of the institution and its requirements for conduct in harmony with Christian, moral and ethical standards. Students are expected and required to abide by local, state and federal laws. Xavier expects all students to conduct themselves as mature and responsible members of the academic community, as well as the local community, presenting their individual work, respecting themselves in decorum and dress, respecting the rights of others, and refraining from any conduct which obstructs the work of the university or may be injurious to the welfare of the University or any of its members on campus, at university-sponsored activities and off-campus. Students have right to a free will to learn, to exercise inquiry, to privacy and confidentiality of records under FERPA, HIPPA and ADA, and to voice protest or grievance. While this expression is viewed as essential to student development, it is required that students display responsible actions and maintain an orderly educational environment demonstrating respect for self and others.

It is imperative that students become thoroughly familiar with the Student Handbook in order to avoid jeopardizing their relationship with the University and local community and to fully understand their rights and responsibilities as citizens and members of the University community. A student who violates these general standards of conduct shall be subject to administrative action and disciplinary sanctions in accordance with Student Conduct Guidelines.
Release of Information/Privacy of Education Records

The Family Educational Rights and Privacy Act (FERPA) also known as the Buckley Amendment, is a set of federal regulations established in 1974 that makes four specific guarantees to college students regarding the privacy of their education records. They are:

1) the right to inspect and review education records
2) the right to seek to amend education records
3) the right to have some control over the disclosure of information from those education records
4) the right to file a complaint against any institution for the alleged violation of these FERPA rights

These guarantees are made directly to currently and formerly enrolled students, regardless of their age or status in regard to parental dependency, acknowledging that young people who are already 18 years of age are considered responsible adults. Parents, guardians and others do not have a right to access student records of adult children without their signed, written consent to do so.

Student and Parent Rights Relating to Educational Records

Students have a right to know about the purposes, content and location of information kept as part of their educational records. Students have a right to gain access to and challenge the content of their educational records. Students have a right to expect that information in their educational records will be kept confidential, disclosed only with their permission or under provisions of the law. Students have a right to permit or prevent disclosure of certain information in their educational records. Parents have the right to expect confidentiality of certain information about them in student records.

Students and Parents can locate the notification of the policy regarding privacy and protection of student records and parent information in the policy section of this Student Handbook in its entirety online at http://www.xula.edu/student-handbook and at http://www.xula.edu/student-accounts/documents/FERPA

Students can complete a FERPA waiver to allow parent/guardian access to information at http://www.xula.edu/registrar/ferpa

FERPA is administered by the Family Policy Compliance Office (FPCO), part of the US Department of Education in Washington, DC. It is the FPCO which interprets and resolves complaints regarding FERPA and the FERPA rights of students. The Department of Education provides more information for students and parents on its website – www.ed.gov.

**Honor Statement**

Honor and integrity have been an integral part of Xavier University’s history. Our Honor System, though not officially stated until recently, is an institution that has always carried with it the underlying tenets of honor and trust. It is our belief that honor and trust are moral ideals that true “Xaverites” have and should display at all times during their matriculation at Xavier and beyond. Within the Xavier Honor System is a moral ideal by which students live and guide their lives. This ideal is absolute honesty to oneself, others, Xavier and in all aspects of life. We believe this principle is fundamental in ethical life, both during and after college.

The Honor System at Xavier is a tradition, an inheritance, and an opportunity all in one. It is a tradition, because it is and has been a valued, intangible possession of Xavier students since the University was founded. It is an inheritance because each entering class will receive it from the previous class as a gift to be proud of and respected. Above all, it is an opportunity because it allows the fullest possible expression of individual life in harmony with community life.

The objective of the Honor System is to develop the student spiritually, morally, and intellectually. This is promoted and encouraged by the freedom and responsibility the student gains by virtue of living within the Honor System. Students are personally responsible for their work, their actions, and their word. To ensure that individual liberty is protected and enforced, students must encourage adherence to the Honor Code by reporting any violations of which they are aware. In order to preserve an atmosphere of honor and trust at Xavier, it is necessary that all cases of dishonesty which is associated with academic or campus life be fully and immediately investigated, with proper disciplinary action taken. All members of the Xavier community must fulfill their obligation to the Honor System because it is vital to the spiritual, moral, and intellectual development of Xavier University of Louisiana.
The authority over student behavior, academic and non-academic, rests with the Vice President of the respective division of the University. The Vice President for Academic Affairs delegates authority over academic behavior to the Dean of the college or school. In all other areas, whether on or off campus, the Vice President for Student Affairs delegates authority in matters of conduct to the Senior Conduct Officer and the Student Conduct system of the University. The Vice President for Student Affairs is responsible for formulating appropriate procedures and regulations concerning student behavior and for the conduct consideration of violations.

The Student Code of Conduct applies to all students enrolled at Xavier University and incidents occurring on campus and in most situations off the campus, if an infraction involves a student or a student organization that has an affiliation with the University. If an enrolled student is charged with a violation of the Code, he/she may have to resolve the charge(s) before registering for a subsequent term or receiving a transcript or diploma. If a student is granted withdrawal from the University, including a retroactive one, he/she may still be required to resolve the charge(s) arising from an alleged violation of the Code while enrolled. Incidents and events that violate this Code and that involve Xavier University students or organizations occurring at institutions part of a Xavier University consortium are subject to Xavier University student conduct action.

Please refer to the Statement on Student Rights and Responsibilities that appears in the beginning of this Handbook. These guidelines cannot specify every circumstance, but define the practices necessary for an orderly educational environment and are subject to change without notification.

DISCIPLINARY SANCTIONS AND NOTIFICATION OF PARENTS

The notification will specify when the violations involve the alcohol or drug policy. Students who do not complete sanctions by the assigned due date will not be returned to “good standing” status until the sanctions are completed.

UNIVERSITY SANCTIONS

Sanctions should be commensurate with the violations found to have occurred. In determining the sanction(s) to be imposed, the hearing officer or board should take into account any mitigating circumstances and any aggravating factors including, but not limited to, any provocation by the subject of the conduct that constituted the violation, any past misconduct by the student, any failure of the student to comply fully with previous sanctions, the actual and potential harm caused by the violation, the degree of intent and motivation of the student in committing the violation, and the severity and pervasiveness of the conduct that constituted the violation. Misconduct, other than constitutionally protected expression, motivated by bias based on age, color, disability, gender identity or expression, national origin, race, religion, sex, sexual orientation, or veteran status may be considered an aggravating factor for sanctioning. Impairment resulting from voluntary use of alcohol or drugs (i.e., other than medically necessary) will also be considered an aggravating, and not a mitigating, factor.

One or more of the following courses of action may be taken when a student has been found to have violated the code of student conduct. These sanctions or other sanctions appropriate to the circumstances of a given case may be imposed, independently, or in combination, for violations of standards of conduct. The present demeanor and disciplinary record of the offender, the nature of the offense, and the extent of harm bear on the severity of the sanction.

Alcohol Education Class

Students found in violation of the Xavier University Alcohol Policy may be required to attend the alcohol education class, or other approved program, at a cost.

Banned Notice

Not permitted on campus for violations of Student Code of Conduct. Campus Police will be notified if found on the premises.

Campus restitution hours are intended to benefit the individual and the campus. Any student who plans to enter a responsible plea is encouraged to propose a constructive or educational task to be considered by the student conduct body hearing the case. It may include, but will not require, uncompensated university service. Those not wishing to perform campus restitution hours may request and will be given a sanctioning option. If the student does not complete the assigned campus restitution hours by the required date, the student’s records will be withheld until verification of completion of the hours is provided to the Senior Conduct Officer.

Disciplinary Censure

An incident may be considered to be minor and spontaneous in nature (no planning or premeditation) by the student. The reprimand is notification to the student that s/he has been found responsible for a violation and that any other violations of university regulations for which the student is found responsible will result in more serious sanctions. A censure remains in effect for one calendar year. If there are no additional violations during that time, the censure is not considered in subsequent violations.
**Disciplinary Probation**

A probationary status, imposed for a specific time period, during which a student is expected to show a positive change in behavior. The student must make every effort to modify his/her behavior in order to remain in good standing at Xavier University. In addition, if the student does not meet all special stipulations associated with the sanction, further student conduct action will be taken, which may include suspension or expulsion from the University. A letter will be sent home to the parent(s) or legal guardians of a student placed on disciplinary probation with notification of probationary status. Alcohol and/or drug violations will be specified in this letter to the parents.

**Disciplinary Suspension**

The removal of a student from the university, which permits the student to apply for readmission at the end of the sanction imposed. Suspension may be for a term, not to exceed one year or conditional, indicating that readmission is contingent on the fulfillment of certain conditions by the student. While a student is suspended, s/he is not to return to the campus, programs, facilities and activities of the university without written permission from the Dean of Students. If the student returns to the campus without written permission during the time period for which s/he has been suspended, his/her eligibility to return to Xavier in the future may be jeopardized. While a student is suspended for Academic Honor Code violations, s/he may not enroll in classes either on or off campus. It is expected that s/he will make every effort to rectify any previous misconduct by displaying irreproachable behavior in the future. If a student is suspended from the university, a letter will be sent to his/her parent(s) or legal guardians with notification of the suspension.

**Dismissal (Expulsion)**

The student is permanently separated from the university without opportunity to re-enroll in the future. A permanent notation will be made on the official transcript and a letter will be sent to his/her parent(s) or legal guardian(s) notifying them of the separation. Alcohol and/or drug violations will be specified in this letter. The student is also barred from University activities, services, facilities and grounds.

**Conditions of Suspension or Dismissal**

A student who has been dismissed or suspended from the university shall be denied all privileges afforded a student and shall be required to vacate campus at a time determined by the hearing officer or board. In addition, after vacating campus property, a suspended or dismissed student may not enter upon campus and/or other university property at any time, for any purpose, in the absence of expressed written permission from the vice president for Student Affairs or designee. To seek such permission, a suspended or dismissed student must file a written petition to the vice president for Student Affairs for entrance to the campus for a limited, specified purpose or to have the terms of this condition modified or reduced.

The Vice President of Student Affairs reviews all recommendations for suspension or dismissal. Separation may be approved, altered, deferred, or withheld at the discretion of the Vice President of Student Affairs.

**Educational/Developmental Sanctions**

The administrative hearing officer or hearing board may choose to assign an educational project or task to be completed. The assigned task or project may be imposed to educate or raise the student’s level of awareness regarding a specific issue. Some examples of these sanctions include papers, presentations, book reports, and program development and implementation.

**Emergency or Interim Suspension**

This suspension shall be invoked when university officials are faced with an immediate situation where the facts of which indicate that a student’s continued presence on campus constitutes a clear and convincing danger to the normal functions of the university, to property, to others, or to the student.
**Fines**

Students may be required to pay a reasonable sum of money as a sanction for conduct violations and behavior that results in damage, destruction, or loss of property belonging to the University and others or in increased maintenance or repair costs for the University or others. Proof of payment shall be required to clear the student’s disciplinary record.

**Letter of Apology**

A letter apologizing for actions that may be considered to be mild in nature but one that could have negative influence on someone.

**Loss of University Housing**

Administrative hearing officers or Student Conduct Hearing Boards of the university may mandate that a student be removed from residing in university-owned or leased housing as part of an imposed sanction. If a student loses housing privileges, a letter will be sent to his/her parent(s) or legal guardian(s) with notification of his/her housing status. Room rent for the remainder of the student’s housing contract period will not be refunded.

**Loss of Financial Aid**

The Higher Education Amendments of 1998 state that any student who has been convicted of any offense under any federal or state law involving the possession or sale of a controlled substance shall not be eligible to receive any grant, loan or work assistance under this title during the period beginning on the date of such conviction and ending after the interval specified by law.

**No Contact Order**

A “No Contact Order” between the complainant and the accused. This would prohibit contact between the parties through any means of communication. This would also prohibit others contacting the complainant on behalf of the accused. Interim changes in room, courses, transportation and work environments may be made.

**Official Warning**

An incident may be considered to be mild in nature and outcome but one that could have negatively influenced/affected the community. The incident may have been a spontaneous action or a planned event. The official warning is notification to the student(s) that s/he has been found responsible for a violation and that any other violations will result in more serious sanctions. Official warning is a statement to the student(s) that s/he needs to reevaluate his/her behavior before serious action is taken.

**Preliminary Suspension**

A unique probationary status, in which the student is expected to immediately exhibit a marked improvement in behavior or face suspension from the university. The sanction of disciplinary suspension was considered for the student but was not deemed necessary. If the student does not meet all special stipulations associated with the preliminary suspension or if s/he is found responsible of violating any other rule, regulation, policy or law, s/he may be sanctioned with disciplinary suspension from the university. If the student does not complete any stipulation of the preliminary suspension by the assigned date, his/her grades may not be released until the sanctions are complete. If a student is placed on preliminary suspension, a letter is sent home to parent(s) or guardian(s) with notification of preliminary suspension status. Alcohol and/or drug violations will be specified in this letter.
Referral for Counseling

If, in the opinion of the hearing officer or hearing/honor board, a student involved in a disciplinary situation will best be served by counseling, the student may be required to attend counseling sessions with a member of the Xavier University Counseling Staff or another professional off campus. The student will be responsible for all fees incurred by contracting the services of an independent professional.

Residence Hall Probation

An individual student, or group of students, may be issued a written notice that further violations would constitute grounds for loss of the privilege of residing in University housing. Appropriate residence life officials will be notified. A letter is sent home to his/her parent(s) or legal guardian(s) with notification of probationary status.

Residence Hall Relocation

This is a recommendation to the Senior Conduct Officer from Residence Education that the student or group of students be required to move to another room, residence hall, or residence area because of his/her lack of willingness to live within the rules of his/her present residence hall, or uphold university policies. For individuals, this sanction will be recommended in situations where the hearing board or hearing officer feels the student would benefit from a change of environment in order to conform to acceptable group living standards. It will also be recommended if deemed necessary for the safety of the resident or others and as an interim measure for accusers of sexual misconduct/harassment/violence.

Restitution

Reimbursement for damage or loss to person(s) or property or misappropriation of property, either through appropriate repairs or monetary compensation, may be imposed as a sanction.

Suspension of Social Privileges

An individual student, residence hall floor or suite, or student organization may lose social privileges that are specified with a particular sanction. The student or organization may not participate in extracurricular events or represent the university on or off the campus, except for activities that are required to meet class assignments. Level of participation in varsity sports will be determined on a case-by-case basis. The administrative officer or student conduct board may impose other sanctions deemed appropriate.

Other sanctions

Other appropriate sanctions may be imposed by a hearing officer or board singularly or in combination with any of the above-listed sanctions. Examples include, but are not limited to, making restitution for property damage or misappropriation of university property or services, or the property of any person, residence hall contract termination or reassignment to another room, restriction of access to specified campus facilities and/or property, research assignments, community service projects, special workshop participation, and/or referral to medical resources or counseling personnel.

The Senior Conduct Officer may issue a Statement of Concern to a student or organization for a minor violation occurring in class of otherwise observed and referred by a member of the campus community. Such statement shall be placed in the student/organization’s official file and may be a basis for further disciplinary action. All sanctions are subject to review by the Vice President for Student Affairs.
Preamble:

Self-discipline is the aim of the University in its policies on student conduct. Xavier expects of all students responsible and mature conduct that shall reflect credit upon them and upon the University; it requires behavior that is consistent with laws of decency and with the generally accepted morals and manners of an advanced society. In order that Xavier maintain its educational purposes for the entire academic community, the responsibility to preserve the balance between the individual student or group rights and the general welfare is ultimately the University’s. Hence in cooperation with faculty and students, the University will be the final judge of the excesses, the appropriateness, or the undesirability of student conduct on campus. Concurrently, obligation to establish and promulgate the reasonable norms to be applied in the adjudication of charges of student misconduct is also reserved to the University. All student conduct boards and/or committees who serve the University will be guided in their determination and recommendations by these norms.

Description, Function, Operation and Procedures of the University Student Conduct System for Students

Article I. Authority

Students committing violations of the Student Code of Conduct at off-campus sites may be subject to University student conduct action. Student conduct action against any student committing a misdemeanor will be considered on a case-by-case basis upon filing by a complaint of an Incident Report. The filing of a report must occur within 10 working days of the offense. Student conduct action will be taken against any student committing a felony. All persons who are not members of the Xavier University community who violate the Code are subject to being barred from all University-owned and operated property and all university-sponsored events.

The University cooperates fully with law enforcement authorities. Violations of the Code that are also violations of law may be referred to the appropriate agencies. In such situations, cases may proceed concurrently at the University and in the criminal justice system. University Police (UP) officers have full powers of arrest, search and seizure on all University-owned and operated property, and are usually the first respondents to calls for police services on campus. However, complainants may request the NOPD respond to any reported offense or incident. UP investigators also cooperate fully with specialized units of the NOPD in coordinating efforts to solve crimes of mutual concern.

Section One – University reserves the right to impose sanctions on any student whose personal conduct indicates an inability to achieve minimum standards of progress for personal development in the University community. All decisions in these situations will be made with regard for reasonable due process of each case. The Vice President for Student Affairs, or his designee, will have ultimate administrative responsibility.

Section Two – The University may delegate authority to various administrators, faculty-student groups, and committees to assist in enforcing regulations governing student life. To this end, the following components of the University Student Conduct System have been established and charged by the President of the University with the responsibility of hearing, adjudication, and/or reviewing cases of students charged with the violation of University regulations.

a. The Student Conduct Board
b. The University Hearing Board
c. The University Appeal Board
Article II. Composition

Section One – The University Hearing Board is an eight-member joint hearing board consisting of 3 students, 3 faculty, and 2 administrators. Recommendations for appointment of these members shall be as follows: Faculty members by the University Academic Assembly; Administrators by the Vice President of Student Affairs; and student representatives by the President of the Student Government Association. The Senior Conduct Officer will assign the chair for the University Hearing Board. The Chair votes only in the event of a tie. A quorum shall consist of five members (2 faculty, 2 students, and 1 administrator).

Section Two – The SGA Judicial Council serves as the Student Judicial Board. All are voting members. (See Article IV, Section 5, SGA Constitution, Judicial Branch) Appointments are for one year.

Section Three – The University Appeal Board is a five member committee consisting of the Vice President of Student Affairs, who serves as the permanent chair, Student Government Association President, Faculty member, Staff member and an Administrator. The latter three members will be selected based upon the procedures under Section I. New members must attend an orientation session on the standards of conduct, sanctions, and the Student Conduct system. All decisions of Student Hearing Boards are recommendations to the chief Student Conduct officer or designated representative. Sanctions may be approved, altered, or withheld at the discretion of the chief Student Conduct officer or designee.

Article III. Jurisdiction

Section One – Any case of student violation of University policy is subject to possible review and a hearing that may result in disciplinary or corrective action by the appropriate Student Conduct Board.

Section Two – The University Hearing Board has original jurisdiction in cases in which a student is charged with a serious breach of University policy and his/her continued presence and participation in the academic and social life of the institution is not in the best interest and welfare of the University community.

Section Three – The Student Conduct Board is delegated original jurisdiction and power to appeal and review cases involving general infractions of University rules and regulations with the following exception: those offenses which merit suspension or dismissal. This Board has jurisdiction in reviewing minor offenses involving violation of residence hall rules and regulations.

Section Four – The Appeals Board has appellate jurisdiction in cases where:

a. An individual requests that the Appeals Board review the judgment of a Student Conduct Board.

b. The action of a Student Conduct Board is considered to be procedurally or substantively faulty.
Article IV. Channeling of Cases:

Section One – Incidents of misconduct may be reported to Student Affairs or to other University officials by students, Residential, faculty members or administrators. The report must specify the person(s) implicated, the alleged violation, and the facts of the situation.

Section Two – The Senior Conduct Officer will employ one of the following options in processing cases:

a. The Senior Conduct Officer or designee may assume original jurisdiction in a case. In this instance the student will be given the option of having the case referred to the appropriate Student Conduct body or of accepting the jurisdiction of the Senior Conduct Officer. If the student selects the latter option, they will be required to sign a statement waiving their right to a hearing and required to abide by the decision rendered by the Senior Conduct Officer (or designee).

b. The Senior Conduct Officer may refer minor cases to the Student Conduct Board.

c. In the event that the case involves a violation of the moral codes of behavior or constitutes a grave violation of University policy, the Senior Conduct Officer will institute a thorough investigation of the matter and assume jurisdiction in the matter, or may refer the case directly to the University Hearing Board. The Senior Conduct Officer will assume original jurisdiction in those cases in which strict confidentiality is required to prevent undue harm to the name and reputation of the student or when the safety of the campus community is endangered.

Section Three – The Vice President of Student Affairs reserves the right to refer back to a Conduct board any decision in which the penalty imposed is excessive or in which there is evidence that the hearing was procedurally faulty.

Article V.

Section One – Procedural Review

A student who is charged with a violation of the Code of Conduct is required to attend a procedural review with the chief Conduct officer or designated representative and provide a response to the charges.

The Senior Conduct Officer or designated representative reviews the case and determines whether it should be referred to a Hearing Board. If the violation is less serious, the Senior Conduct officer or designee will give the student a choice between having the case heard by a Student Hearing Board or an Administrative Hearing, particularly if the student had admitted Responsibility to the violation. A student charged with a violation of residence hall policies which has not been referred to a Joint Hearing Board, will be asked to meet with a staff member of the Residential Education staff. The charged student will then be given a choice between having the case heard by the Residential Education conduct process or an Administrative Hearing.

1. The hearing is called to order by the chairperson.

3. Each party presents his/her case, which may include calling of witnesses and the use of evidence.
4. The Board deliberates on the facts of the case and renders a decision. All decisions of the Board shall be made in closed session and shall be determined by majority vote.

5. The Summary of the Hearing is forwarded to the Vice President of Student Affairs for review and implementation of the Board’s decision.

6. The Senior Conduct Officer officially notifies the accused students of the Board’s decision and when necessary imposes the restrictions embodied in the Board’s decision.

Article VII. Appeal Procedures

Section One – In the interest of fairness, only the recipient of disciplinary action has the right to appeal, except where noted in sexual misconduct violations. Requests for an appeal must be in writing and submitted through the same channels of authority and jurisdiction as outlined in Article IV within 48 hours of official notification of the Board’s decision.

Section Two – Appeals concerning decisions of the University Hearing Board or the Student Conduct Board should be addressed to the Vice President of Student Affairs. Appeals for sexual misconduct cases should be addressed to the Title IX Administrator.

Section Three – The appeal must specify grounds that would justify consideration. General dissatisfaction with the outcome of the decision shall not be accorded as a basis for consideration of an appeal. The only basis for considering an appeal is the presentation of facts that include:

1. an error in procedural due process by the original body,
2. the emergence of compelling evidence that could not have been previously discovered,
3. the appropriateness of sanction(s), condition(s), and/or restriction(s) to the violation.

Section Four

1. Appeals will be limited to a review of the record of the hearing, written statement submitted by parties, and any new evidence. Appeals based upon new evidence shall be treated as grounds for a new proceeding by the original body.

2. The Vice President for Student Affairs serves as the appellate officer in all cases except those under Title IX jurisdiction. The appellate officer shall make an initial determination as to whether or not sufficient grounds for appeal, based upon the standard enunciated above, have been alleged. Appeals that do not allege sufficient grounds shall be denied consideration and shall be dismissed. Appeals that do allege sufficient grounds shall be accepted for consideration.

3. If the appeal is allowed, its presiding officer represents the Student Conduct body that rendered the decision under appeal so those questions of procedure or sanction may be clarified. The appellate officer shall not conduct a de novo hearing (a rehearing) but will consider only the record made by the adjudicating body. The appellate officer may, at his/her own discretion, permit written or oral statements from the concerned parties at the time the appeal is considered; but the appeals officer will review only that portion of the original hearing that is addressed by the appeal.
4. The decision shall be communicated in writing to all parties concerned within seven class days. The alternatives available to the appellate body are:
