

The Signature sauna provides SoloCarbon® heating in a robust cabin design. Simple touchpad controls and entertainment features makes the Signature series a cost-effective and user-friendly sauna that supports your daily wellness routine, pain relief, weight loss or detox program.

KEY FEATURES

- Patented SoloCarbon® heating technology
- Ultra low EMF - negligible electromagnetic field emissions
- Eucalyptus timber is sourced from sustainably managed forests.
- Economical & easy to use (approx. 60c per hour), low maintenance
- Blaupunkt speakers with bluetooth connectivity
- Easy assembly using the Sunlighten patented Magne-seal™ system
- Residential five-year warranty (12 months parts & labour, plus 4 yrs parts & service support)
- Optional Outdoor cover available

**POWER REQUIREMENTS** 220-240V, 1707 watts. Maximum Amperage 10A. Sunlighten recommends all new installations adhere to AS3000 and a circuit that is RCD protected, along with a readily accessible switch. A 3m cord exists with a standard male plug, exiting back left of roof.

Minimum clear space required at back and both sides of all our Signature saunas: x = 15cm

Minimum clear space required above sauna roof: 30cm.

For long term timber protection and to prevent warping, a timber treatment is applied to the exterior of all cabin saunas during the manufacture process. This may alter the external timber colour slightly.

TIMBER OPTIONS

- E** EUCALYPTUS [ENTIRE SAUNA]

\*\* Signature I is not recommended for outdoor placement.

### PRE-INSTALLATION CHECKLIST

It is important to ensure there is enough space through the doors and pathways to the sauna's location in your space. Please measure any access doorway or hallway prior to purchase for easy installation.

If your sauna is being installed in a tight space, talk to your sales representative to confirm installation is possible.

In addition, please ensure any electrical works are completed prior to delivery and installation of your Sunlighten sauna. Please locate the power outlet for easy access to turn the sauna on and off at the power source after installation.

### PANELS

Roof panel	96cm W x 101cm H x 7.5cm D
Floor panel	95cm W x 100cm H x 6.5cm D
Front wall	84cm W x 180cm H x 5cm D
Back wall	84cm W x 180cm H x 4.5cm D
Right wall	98cm W x 180cm H x 5.5cm D
Left wall	97cm W x 180cm H x 5.5cm D
Glass door	71cm W x 173cm H x 0.8cm D
Bench	115cm W x 52cm H x 12.5cm D

### ASSEMBLED

Exterior	96cm W x 198cm H* x 101cm D
Interior	82cm W x 179cm H x 85cm D
Bench	82cm W x 50cm H x 52cm D

\* 5cm feet included

### FLATPACK DIMENSIONS
