Spring 2020 Pass/D/F Policy

Since the University moved to online instruction because of the coronavirus/COVID-19 pandemic, the following Pass/D/F Policy applies for the Spring 2020 semester only. This policy supersedes current Xavier policies.

1. All students will be able to change any or all courses from letter grades to P/D/F, without advisor and instructor approvals.
2. For those classes for which the student chooses the Pass/D/F option, grades A, B, or C will be considered a Pass, with students receiving the grade PC. This grade does not factor into a student’s GPA. Grades of D or F factor into the student’s GPA.
3. Faculty will submit final letter grades as usual using the applicable grading scale. The Registrar will convert the letter grade to PC (Pass with Credit), D or F. PC, D, or F will appear on the student’s transcript.
4. Students interested in exercising this option must submit requests to change to P/D/F by Friday, April 3, 2020. Specific instructions regarding how to exercise this option will be sent to students.
5. Once students request to change to the Pass/D/F option, they cannot revoke the request. Students are, therefore, encouraged to seek feedback from their advisor and instructor(s) before submitting their request.
